Your ratings are summarized below. When sufficient data exist, summaries are also provided for up to three reference groups. Your "comparison group" is based on the size of your class and the predominant reason students indicate they enrolled. Comparison group data are reported at both the college and university levels. Over the preceding 4 quarters, 70 instructors and 120 course sections were in your Comparison Group by College, and 2597 instructors and 5624 course sections were in your Comparison Group by University. Across all the courses using the SEI instrument since 1994, 27.15% of them share the characteristics listed below. The Course-Offering Unit listing is not based on size or electivity; it is a summary of the SEI data across the previous four quarters in your department or school.

Your comparison groups have the following qualities:

Class size: 5 to 20

Predominant reason given for enrolling in this course was that it was required in the student's major/minor or that it fulfills a GEC/BER requirement.
