POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

—by Professor David Citino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head, not to mention a funny robe, full of music—poems and melodies, the tunes we move to, shower and shave by, study, write to. Not just the incidental,

but the momentous music keeping time. Our histories are measures of song. Listen to your heart: drums of Africa, sea-spume of blind, far-sighted Homer, Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying a thousand words. Like Rodolpho in Puccini's *La Bohème*, *Sono un poeta*. I am a poet. *Che cosa faccio?* What do I do? Scrivo. I write. This ceremony

is loud music—pomp and circumstance of the life you began freshman year or that first day of graduate school. In my head I press Play, and the CD of Big Days kicks on. I leap and linger

over moments too sweet, nearly, for words. I'll never escape rhymes from the nursery. Up above the world so high, like a diamond in the sky. We knew from the start our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents of Cleveland. *Gaudamus igitur*, *Juvenes dum sumus*. So, let us rejoice, while we are young. Youth is that gift we can't comprehend while we're young. This ceremony

means you all are less young than you were. Don't let the heavy knowledge gained from your studies deprive you of the gifts of youth, to be able to rejoice at the drop of a hat, to care for, be moved by others.

Now I hear golden hits of five decades. Big Mama Thornton, and that so-called King (King of what, fried butter sandwiches?) who stole away her hound dog. You ain't never killed a rabbit, you ain't no friend

of mine. As with those pros and TAs, course after course, you had to produce—kill some rabbits—to earn respect. And at times OSU may have seemed like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it to do your best. Tennessee Ernie Ford, "Sixteen Tons": St. Peter don't you call me 'Cause I can't go. I owe my soul to the company store.

You have been digging deep in mines of knowledge. We all owe our souls to Ohio State, company store of learning, shared experience—precious ore we have in common forever.

Now I hear Domenico Modugno's fervent urging to wish, sing, fly, *Volare*, Wo-oo. *Cantare*, Wo-o-o-o. My grandfather was a peasant farmer, a contadino in Calabria in the toe

of Italy. He knew it's the human lot to dream of flying. Lucky, lucky, lucky me, I'm a lucky son-of-a-gun. I work eight hours, I sleep eight hours, That leaves eight hours for fun.

Hey! He sailed in steerage across the Atlantic, came to Cleveland, where he stayed long enough to work 52 years for the B&O Railroad, before lying down to rest in good Ohio soil. So many of us

here today came from elsewhere, or ancestors did. From Tennessee, Italy, Africa, Asia, Appalachia—even, President Kirwan, the wilds of Kentucky and Maryland. Women and men with backs

supple as birch trunks. The courage it took to pick up stakes and begin again in a new world! Think of the work those older ones did. For you. You all are facing a change right now.

This sheepskin is your passport. You're bound for emigration to the next song of your life. Ohio State is the ark on which you've been sailing. You've been the precious cargo.

But, as Noah once said, I can see clearly now the rain is gone. The ark, our university, was filled to overflowing with the diversity of us. Diversity. Networks and talk shows devalue the word.

*Oh! Come let's sing Ohio's praise,
And songs to Alma Mater raise;
While our hearts rebounding thrill,
With joy which death alone can still.
Summer's heat or Winter's cold,
The seasons pass, the years will roll;
Time and change will surely show
How firm thy friendship—Ohio.*

COMMENCEMENT ADDRESS

Timothy Gerber

Timothy Gerber joined Ohio State's faculty in 1984 and has taught all levels of undergraduate and graduate music education courses. As a professor in the School of Music, Dr. Gerber has mentored hundreds of students, developing their skills as musicians and future music educators. His work has been published widely in professional journals, monographs, books and instructional music materials. He is a co-author of *Music! Its Role and Importance in Our Lives*, published in its 4th edition in 2016 as one of the nation's first all-digital music textbooks.

His current research focuses on music teacher education, musical

development in adolescents and arts policy in secondary schools. Dr. Gerber has vigorously championed the notion of music study for all students in middle and high schools, and has devoted some of his research time as a classroom music teacher in the Columbus City Schools. For 18 years, he served as the principal author of educational materials for the Columbus Symphony Orchestra.

Long active in university governance, Dr. Gerber is a respected leader in the campus community, having served on numerous key university-wide committees. In 2009, he was elected as chair of the Ohio State Faculty Council. He is currently serving his second term as secretary

of the University Senate, a position he has held since 2011.

Dr. Gerber earned his undergraduate degree in music from Oberlin College, and his graduate degree in education and doctorate in musical arts from Temple University. In 2007, he was awarded the Distinguished Music Education Alumnus Award at Oberlin College. At Ohio State, he was selected by students to receive the School of Music's Distinguished Teaching Award, and in 2013 he was named the Distinguished Scholar in the School of Music. Earlier in his Ohio State career, he was honored with a visiting appointment as the Roy Acuff Chair of Excellence at Austin Peay University.

RECIPIENTS OF HONORS

Robert Parris Moses

DOCTOR OF SCIENCE

Born and raised in Harlem, New York, Professor Robert Parris Moses is an icon of both the 1960s civil rights movement and the culturally responsive mathematics education movement taking place in schools across our nation today.

Professor Moses first gained recognition in the early '60s as a prominent leader with the Student Non-Violent Coordinating Committee's voter education and registration efforts in Mississippi. By 1964, he had become co-director of the Council of Federated Organizations and served as the main organizer of its Mississippi Freedom Summer Project, which intended to dramatically increase voter registration of African Americans in the state.

In 1982, Professor Moses was named a MacArthur Fellow, which enabled him to further exercise his

creative instincts for the benefit of society. He used his fellowship to continue revolutionizing the idea of equal opportunity, this time through the foundation of the Algebra Project, a national movement at the cutting edge of mathematics reform.

As the country's premier mathematics literacy effort, the Algebra Project helps low-income students and students of color graduate on time and well prepared to tackle college mathematics courses. With significant support from the National Science Foundation since 1994, the project has reached nearly 40,000 students across the United States and has helped hundreds of educational communities develop effective and sustainable student-centered mathematics programs.

Professor Moses is the co-author of the book *Radical Equations: Civil Rights from Mississippi to the Algebra Project*, and co-editor of *Quality Education as a Constitutional Right: Creating a Grassroots Movement to Transform Public Schools*.

He served as a Distinguished Visiting Fellow for the Center for African American Studies at Princeton University and has been an adjunct lecturer at the New York University School of Law since 2012. He is a member of the Education Advisory Committee of the Mathematical Sciences Research Institute and is an emeritus member of the National Academy of Education. Professor Moses earned his undergraduate and graduate degrees in philosophy from Hamilton College and Harvard University, respectively.

Gary E. Booth

DISTINGUISHED SERVICE AWARD

Gary E. Booth came to Ohio State in the 1960s as a graduate student, eager to make his mark. After earning his doctorate in organic chemistry, Dr. Booth built an impressive career as a research chemist with Procter & Gamble. When he retired three decades later as vice president for research and development, he had achieved his goal. His work had a profound impact on P&G, where he helped develop popular household brands, including Pantene, Crest and Folgers Coffee, and established markets in China, Germany and the U.K.

Dr. Booth credits his professional success to the education he received at Ohio State. In 2008, he and his wife, Jane, established the Booth

Scholarship Fund for Chemistry and Biochemistry to provide educational opportunities for future generations of chemists. They also serve as mentors for the Booth Scholars, developing close relationships with every student who receives their financial support, and offering him or her professional and personal advice. Dr. Booth has even taken groups of students on tours of P&G to show them the joys of working in a lab.

In 2011, Dr. Booth agreed to chair the fundraising committee for the Chemical and Biomolecular Engineering and Chemistry (CBEC) building on Ohio State's Columbus campus. The committee's ultimate success was influenced by his personal enthusiasm.

Leading by example, Dr. Booth contributed to funding the facility and inspired his peers to donate as well. He also visited alumni in the United States as part of the CBEC campaign, and provided funding for international trips to engage chemistry alumni around the globe, leading to innovative collaborations, such as a dual doctorate program in drug discovery with Hong Kong Baptist University.

Originally from Kentucky, Dr. Booth earned his undergraduate degree from Eastern Kentucky University. He also mentors at-risk youth in Cincinnati, and partnered with fellow P&G executives to launch the Children's Safe Drinking Water Initiative in Malawi.

A MESSAGE FROM PRESIDENT DRAKE

Dear Graduates:

Congratulations on earning the diploma soon to be in your hands. Commencement is a joyous occasion at Ohio State as years of academic study are celebrated. This is a milestone achievement, one that gives the green light to begin your next chapter. While you anticipate what is ahead, also consider how much you have gained as an Ohio State student.

During your time on campus, you have absorbed a great deal of knowledge, the true currency of today's society. Inside the classroom, through a leadership position or by way of a research endeavor, you have learned more than is easily realized. That is certainly a feeling to cherish! In turn, thank you for embracing the university's values through those various opportunities. It is our students who create the ultimate fabric of Ohio State.

Today is your day, and I encourage you to acknowledge those individuals who helped make it happen. Whether they are sitting in the stands or congratulating you from afar, they have contributed to the success of your academic profile in many ways. So thank loved ones for the brown bag lunches that fueled you and thank teachers for the resources that guided you. Much of what you have accomplished can be traced back to the support of others along the way.

The university exists to develop tomorrow's lead problem solvers. I sincerely hope each of you will go forth and make a difference as an Ohio State graduate. Be curious enough to ask questions and passionate enough to find answers. This is the spirit of a Buckeye for life. Congratulations once again!

Sincerely,

Michael V. Drake, MD
President

CONGRATULATIONS AND WELCOME TO THE ALUMNI ASSOCIATION

On behalf of The Ohio State University Alumni Association, we write to offer our congratulations to the Class of 2016! It is exhilarating when this many Buckeyes gather in one place, and all who are here today share excitement for what you accomplished at Ohio State and what you will achieve in the future.

Commencement is your day: a celebration of your journey, and the lessons and experiences that accompanied your time on campus. As you look around, you will see that you did not undertake the journey alone. You drew upon an incredible wealth of knowledge, experience and support from your classmates, loved ones and the university that contributed to your ability to earn the diploma you hold in your hands today.

In the coming years, you will make many more exciting transitions — some may take you around the globe and introduce you to new people and ideas. Along the way, you will enjoy the benefits of an alumni network that connects five generations of Buckeyes who are making a difference in all parts of the world.

As of today, you are a member of the alumni association. We want you always to be passionate about your alma mater and continue to stay actively engaged through social media channels, volunteering, alumni clubs and societies and beyond. To learn more about the different membership levels and benefits within the alumni association, please visit osu.edu/alumni/membership.

We are honored to welcome the Class of 2016 as our newest members and are committed to providing the services you want from your alumni association. Your success is driving Ohio State's motto *Education for Citizenship*, and we will work to support you throughout your life as you pay forward your time at this university.

Again, congratulations to you, your family, friends and all who have helped you reach this milestone in your life as you receive your diploma from The Ohio State University.

This program is not an official graduation list.

This printed program lists students who were eligible to graduate for Autumn Semester 2016, as of 5:00 p.m., December 7, 2016, pending the outcome of final examinations and final grades. Therefore, it should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of the University Registrar, Student Academic Services Building, 281 West Lane Avenue, Columbus, OH 43210-1132.

THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably affected the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: The bachelor gown is black, full cut with long pointed sleeves.

Master: The master gown is black, with long or short sleeves and an arc-shaped panel extended for each sleeve.

Doctor: The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which indicates the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, *with distinction* and *with honors*.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

* Not usually worn by candidates for a degree.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

(continued from inside front cover)

I say, rather, the richness of us,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants, I was given

the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where

you're sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—

by degrees. We've all come together
around the kitchen table of Ohio State.
Ohio, Round on the ends and high
in the middle. For the years to come
we'll sing together, Beautiful Ohio,

In dreams again I see, Visions of what
used to be. These psalms, sacred thoughts
of our tribes, 78's and 33's, tapes,
CD's—they take up space in shelves
of our skulls, our hearts. They remind us

we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one

alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. Drive, drive on down the field,

Men (and women!) of the Scarlet
and Gray. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,

and you searched our dark, ancient library
for a decent place to study. My wife,
Mary's, father marched in the first
"Script Ohio," in 1936. He's here today
with us, blowing his horn, I can't help

but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today's music makes us think
of the debts we owe, and never can repay.
So many of us would not be here

were it not for the lullabies and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people

sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them

for this day of profound scarlet and gray
pomp and circumstance. O, come
let's sing Ohio's praise, And songs
to Alma Mater raise. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
Well, Mother, we love you, but, like,
it's time we moved out, got a place
of our own. You're standing there,
Mom, gray hair, eyes scarlet

from crying. We won't forget you.
Now, even though this ceremony
means we're being weaned, taken off
the nipple, let's take care to cherish her
all our days. Let's remember

the words to the songs she taught us,
and pass them on. We'll remember
always, Graduation Day. Summer's heat,
and winter's cold, The seasons pass,
the years will roll, Time and change

will surely show How firm thy friendship,
O-hi-O. We call that little number
Carmen Ohio. Carmen means song
in Latin. You've worked hard; she
is your reward; today is your reward.

You're filled to overflowing with
the notes, the poems we've written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need

you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly

all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.
