Dear Student,

Your feedback is important to me. Please take a moment to complete a Student Evaluation of Instruction (SEI) form. Accessing the rating form is easy: just visit your class schedule for this term and click the “Evaluation” button next to our class. You can do this in BuckeyeLink or on the OSU Mobile app. I do not have access to the online forms, and all the information you provide is anonymous. Your feedback is used to modify courses, by other students when selecting courses and in faculty promotion and tenure decisions, so please give thoughtful responses to the 10 items on the form.

After you've completed the 10 ratings items, use the textbox to type your open-ended comments. Again, any information you provide is anonymous (unless you type something in the box that gives away your identity). I'm especially interested in your thoughts on these specific points:

1.
2.
3.

When you've finished giving your feedback, press the “Submit button.” Once the SEI form is submitted, you will not be able to alter your responses in any way, so be sure you have clicked on the correct buttons.

You can find much more information on SEIs by visiting sei.osu.edu, or by reading the email sent to you from SEI ADMIN. Unless I post your grade before then, the online SEI forms are available until the day before final exam week begins. The deadline cannot be extended, so please make sure you respond before finals week.

End Email
