\*Note: Transcripts that are issued to the student will have "Issued to Student" printed on them. Transcripts issued to third party recipients do not have "Issued to Student" printed on them. Transcripts come in tamper proof envelopes and do not have the registrar's signature and the university seal on them. If this is a concern, we recommend you have the transcript sent directly to the third party recipients.

\*Note: For Moritz Law School students and alumni; Law School tuition and fees included the cost of transcripts for a lifetime, so there is no free associate to the service.
