Alma Mater—Carmen Ohio  
Graduates and guests led by  
Jennifer Maxwell Whitehead  
Class of 1992

Oh! come let's sing Ohio's praise,  
And songs to Alma Mater raise;  
While our hearts rebounding thrill,  
With joy which death alone can still.  
Summer's heat or Winter's cold,  
The seasons pass, the years will roll;  
Time and change will surely show  
How firm thy friendship—Ohio.

Awarding of Diplomas

Recessional

President Gee looks forward to personally congratulating you and your graduate immediately following the ceremony in French Field House.

Excerpts from the commencement ceremony will be broadcast on WOSU-TV, Channel 34, at 5:30 p.m. today.
Commencement Address

Samuel DuBois Cook

Samuel DuBois Cook was named president of Dillard University in New Orleans in 1975. A political scientist, scholar, educator, administrator, and civil rights activist, Dr. Cook has lectured extensively at colleges and universities throughout the nation and abroad. He is widely published in scholarly journals and collections.

Dr. Cook received his A.B. degree from Morehouse College and his master's and doctoral degrees from The Ohio State University. Before becoming president of Dillard, he held faculty positions at Southern University, Atlanta University, the University of Illinois, UCLA, and Duke University. He was not only the first African-American professor at Duke, but he has the distinction of being the first African-American to hold a regular faculty appointment at any predominately white college or university in the South.

A former president of the Southern Political Science Association, Dr. Cook has served as vice president and as member of the executive committee of the American Political Science Association. He has served and continues to serve on a long list of boards, committees, and commissions, including the boards of trustees of Duke University, the Council on Library Resources, and the Martin Luther King, Jr. Center for Nonviolent Social Change.

He is a member of the University Senate of the United Methodist Church and chair of its Commission on Institutional Review, as well as past chair of the Council of Presidents of the United Methodist-Related Black Colleges. He is currently chair of the Council of Presidents of the American Missionary Association Colleges and immediate past chair of the executive committee of the member institutions of the United Negro College Fund.

He also is a member of the boards of directors of the American Council on Education and immediate past chair of the board of the Louisiana Association of Independent Colleges and Universities.

President Carter appointed Dr. Cook to the National Council on the Humanities, and the governors of North Carolina and Louisiana have appointed him to several volunteer positions in public service.

Dr. Cook is the recipient of numerous honors and awards, including membership in Phi Beta Kappa and honorary degrees from Morehouse College, Ohio State, Illinois College, Duke University, Chicago Theological Seminary, and the University of New Orleans.

Ohio State proudly welcomes this distinguished alumnus, educator, and tireless advocate for civil rights to address this commencement.
Recipient of Honors

Ralph W. Cummings
Doctor of Education

An agricultural scientist, educator, and administrator, Ralph W. Cummings has made numerous contributions to the international agriculture arena.

Dr. Cummings received his B.S. in agriculture from North Carolina State University in 1933 and his Ph.D. in soil science from The Ohio State University in 1938. He served as a faculty member at Cornell University from 1937 to 1942, when he became professor and head of the Department of Agronomy at North Carolina State.

His first international assignment took him to Peru in 1955-56 as chief of the North Carolina Agricultural Research Mission under a grant from the U.S. Agency for International Development. It was here that he began his pioneering efforts in foreign agricultural assistance programs in developing nations.

In 1957, he became field director of the Rockefeller Foundation Program in India. He was instrumental in forming the postgraduate school of the Indian Agricultural Research Institute, serving as its first dean. As chair of India's Agricultural Universities Committee, he helped establish a system of land-grant type universities throughout India, which today apply science and technology to solving practical problems of India's population.

In 1968, he returned briefly to North Carolina State as administrative dean for research before returning to India on assignment from the Ford Foundation as an agricultural program adviser. He served successively as director of the International Rice Research Institute in the Philippines, as director of the International Crops Research Institute for the Semi-Arid Tropics (ICRISAT) in India, and as acting director general of the International Irrigation Management Institute in Sri Lanka.

Upon retiring from ICRISAT in 1977, Dr. Cummings became chair of the Technical Advisory Committee of the Consultative Group on International Agricultural Research until 1982. Currently emeritus professor at North Carolina State, he continues to serve world agriculture as a senior consultant with several international agencies.

He holds honorary doctorates from the North Carolina State University and from three universities in India. He has received numerous awards and special recognitions for his international public service, including the 1988 Presidential End Hunger Award.

Dr. Cummings is widely praised by his academic and professional peers within the international community. Ohio State is proud to add its recognition to the long list of deserved honors received by this distinguished scientist and humanitarian.
Congratulations on receiving your degree. You may not notice the difference, but today, along with hundreds of your colleagues, you've become an alumnus. For you, one era has passed, another is about to begin.

You are a member of the Buckeye family and partner in the enterprise, carrying the reputation of Ohio State through your activities and accomplishments. You exemplify the fruits of a good education: a critical mind, a discerning spirit, higher values, a sense of commitment, and the privilege of service.

You can assist the University in many ways. You can recruit new and highly qualified students. You can represent Ohio State well through personal and occupational achievements. You can participate financially through the Development Fund. And you can work in an advisory capacity with the University to improve itself and its programs to better prepare today's students for tomorrow's citizenship.

We extend to you a year's complimentary membership in the Alumni Association. Included is a year's subscription to the Ohio State Alumni Magazine, which will keep you informed of the University's continuing pursuit of excellence and help you keep in touch with your friends and classmates.

To you, your family, friends, and those others who helped you arrive here today go our best wishes. You are joining a great family of Ohio State alumni working together to make a difference around the world.

Cordially,

John T. Eby

This program is not an official graduation list

While every effort is made to ensure accuracy in this commencement program, printing deadlines sometimes prevent inclusion of graduates' names, or may result in use of names of persons not completing graduation requirements. This printed program, therefore, should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of the University Registrar, 202 Lincoln Tower, 1800 Cannon Drive, Columbus, Ohio 43210.

The Academic Costume

The colorful ceremonies of The Ohio State University Commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In the light of our nation’s English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square—a shape which, according to ballad folklore, resembles a scholar’s book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral degrees, not only indicates the type of degree, but also is lined with the official colors of the University.

The Gown

**Bachelor.** Black, full cut with long pointed sleeves.

**Master.** Black, long or short sleeves with a re-shaped panel extended for each sleeve.

**Doctor.** Black with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

The Hood

**Bachelor.** Three feet long with a two-inch-wide velvet edging.*

**Master.** Three and one-half feet long with a three-inch-wide velvet edging.*

**Doctor.** Four feet in length with a five-inch-wide velvet edging and panel at the sides.

* Not usually worn by candidates for a degree.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree.

The color of the velvet indicates the field of study:

- **Dentistry:** Lilac
- **Law:** Purple
- **Medicine:** Green
- **Musical Arts:** Pink
- **Optometry:** Sea foam green
- **Pharmacy:** Olive Green
- **Philosophy:** Dark Blue
- **Veterinary Medicine:** Gray

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:
