SPRING COMMENCEMENT

THE OHIO STATE UNIVERSITY

MAY 6, 2018
POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

—by Professor David Citino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you’re like me, you’ve got a big head, not to mention a funny robe, full of music—poems and melodies, the tunes we move to, shower and shave by, study, write to. Not just the incidental, but the momentous music keeping time. Our histories are measures of song. Listen to your heart: drums of Africa, sea-spume of blind, far-sighted Homer, Sappho’s honeyed love lyrics. Often, music speaks for us, one note saying a thousand words. Like Rodolphe in Puccini’s La Bohème, Sono un poeta. I am a poet. Che cosa faccio? What do I do? Scrivo. I write. This ceremony is loud music—pomp and circumstance of the life you began freshman year or that first day of graduate school. In my head I press Play, and the CD of Big Days kicks on. I leap and linger over moments too sweet, nearly, for words. I’ll never escape rhymes from the nursery. Up above the world so high, like a diamond in the sky. We knew from the start our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents of Cleveland. Gaudeamus igitur, Juvenes dum sumus. So, let us rejoice, while we are young. Youth is that gift we can’t comprehend while we’re young. This ceremony means you all are less young than you were. Don’t let the heavy knowledge gained from your studies deprive you of the gifts of youth, to be able to rejoice at the drop of a hat, to care for, be moved by others.

Now I hear golden hits of five decades. Big Mama Thornton, and that so-called King (King of what, fried butter sandwiches?) who stole away her hound dog. You ain’t never killed a rabbit, you ain’t no friend of mine. As with those pros and TAs, course after course, you had to produce—kill some rabbits—to earn respect. And at times OSU may have seemed like Heartbreak Hotel, down at the end of Lonely Street, so difficult was it to do your best. Tennessee Ernie Ford, “Sixteen Tons”: St. Peter don’t you call me ‘Cause I can’t go. I owe my soul to the company store.

You have been digging deep in mines of knowledge. We all owe our souls to Ohio State, company store of learning, shared experience—precious ore we have in common forever.

Now I hear Domenico Modugno’s fervent urging to wish, sing, fly, Volare, Wo-oo. Cantare, Wo-o-o-o. My grandfather was a peasant farmer, a contadino in Calabria in the toe of Italy. He knew it’s the human lot to dream of flying. Lucky, lucky, lucky me, I’m a lucky son-of-a-gun. I work eight hours, I sleep eight hours, That leaves eight hours for fun.

Hey! He sailed in steerage across the Atlantic, came to Cleveland, where he stayed long enough to work 52 years for the B&O Railroad, before lying down to rest in good Ohio soil. So many of us here today came from elsewhere, or ancestors did. From Tennessee, Italy, Africa, Asia, Appalachia—even, President Kirwan, the wilds of Kentucky and Maryland. Women and men with backs supple as birch trunks. The courage it took to pick up stakes and begin again in a new world! Think of the work those older ones did. For you. You all are facing a change right now.

This sheepskin is your passport. You’re bound for emigration to the next song of your life. Ohio State is the ark on which you’ve been sailing. You’ve been the precious cargo.

But, as Noah once said, I can see clearly now the rain is gone. The ark, our university, was filled to overflowing with the diversity of us. Diversity. Networks and talk shows devalue the word.

Dr. Sue Desmond-Hellmann has worked for more than 30 years to eradicate disease, poverty and inequity across the world. As the chief executive officer of the Bill & Melinda Gates Foundation, she leads the organization’s global efforts to ensure that every person has the opportunity to lead a healthy, productive life.

Trained as an oncologist, Dr. Desmond-Hellmann began her career working on HIV/AIDS and cancer in San Francisco and Uganda — experiences that proved transformative. She later spent 14 years at the biotechnology firm Genentech, quickly rising to become chief medical officer and president of product development, and pioneered several breakthrough medicines, including the first gene-targeted therapies for cancer.

She has since adapted this targeted-treatment approach to advance the well-being of entire communities by championing precision public health: ensuring the right treatments reach the right populations in the right places to save lives.

Prior to joining the Gates Foundation, Dr. Desmond-Hellmann was chancellor of the University of California, San Francisco — the first woman to hold the position. During her tenure, she oversaw improvements in patient care, research and education as well as a $1.5 billion expansion of the university’s medical center.

Dr. Desmond-Hellmann has received numerous honors and awards. Forbes magazine named her one of the world’s seven most “powerful innovators” in 2009 and listed her among the Top 50 Most Powerful Women in Business for seven years. In 2010, she was inducted into the American Academy of Arts and Sciences and elected to the Institute of Medicine.

Dr. Desmond-Hellmann earned her bachelor’s and medical degrees at the University of Nevada, Reno, and a Master of Public Health at the University of California, Berkeley.
Graduating senior Elizabeth H. Beattey always knew that she would join The Ohio State University family. She loves being a Buckeye because she is proud “to be one small person in a huge community that’s making such an impact on the world.”

Ms. Beattey chose to enroll at Ohio State Newark for the smaller class sizes and the quality one-on-one connections with professors. While she was completing her undergraduate studies in the pre-med and psychology tracks, her faculty and staff mentors encouraged Ms. Beattey to combine her love of swimming with her passion for providing equal opportunities for all children.

During her two years of study at Ohio State Newark, Ms. Beattey demonstrated her commitment to service and the university by holding leadership positions in 10 different organizations, including the Habitat for Humanity Collegiate Challenge as vice president and fundraising chair. She also helped new students adjust to life on campus as a student ambassador and served as a special events assistant. Her other roles ranged from volunteer housekeeper to organization president.

Since transferring to the Columbus campus, she has acted as the fundraising chair for both the College of Health and Rehabilitation Sciences Student Council and the Health Sciences Club, and worked as a student assistant in the Office of Student Life.

Ms. Beattey dedicates her spare time to the community. She volunteers at Nationwide Children’s Hospital to assist families with children admitted to the rehab unit, and through the Ohio High School Athletic Association to officiate swim matches across the state. She also offers private swim lessons to children of all ages.

Following graduation, the Nashport, Ohio, native will join the Occupational Therapy Doctorate program at Indiana Wesleyan University. She then hopes to return to Columbus to work for Nationwide Children’s Hospital as a pediatric occupational therapist specializing in water therapy for children with special needs.

Shweta Ambwani is graduating with a bachelor’s degree in data analytics with a minor in global public health. During her four years at The Ohio State University, she thrived as a skilled and passionate student leader committed to improving the experiences of her fellow Buckeyes and elevating those around her.

While president of the Big Data and Analytics Association, she leveraged her previous experience as the group’s internal relations director and vice president to substantially grow corporate support for this 300-member student organization. Her dedication to supporting fellow students was further exemplified by her service as a data analytics academic path peer, coaching new and prospective students about how to best navigate the data analytics major.

Ms. Ambwani also worked to build bridges within the university’s Indian American community and to the broader campus. As advisor to Ohio State’s Indian American Association, she managed logistics for Buckeye Mela, a national inter-collegiate South Asian dance competition hosted annually on campus.

In addition to her responsibilities on campus, she pursued numerous internships and volunteer activities throughout the community.

Ms. Ambwani embodies the university’s commitment to broad exploration, service and engagement, and has thus earned numerous honors during her student career. These include her selection as a Buckeye Leadership Fellow and induction into the 111th class of the Sphinx Senior Honorary.

A true advocate for Ohio State, she knew from the moment she visited the university as a prospective student that she was meant to be a Buckeye. Today, she is quick to share her enthusiasm with every tour group with which she crosses paths on campus.

Following graduation, Ms. Ambwani will begin a position as a technology consulting analyst at Accenture in Columbus. The Dublin, Ohio, native is passionate about data analytics, yoga and leadership, and plans to make all three permanent fixtures in her future.
**Bobby D. Moser**

**DISTINGUISHED SERVICE AWARD**

As a former dean of the College of Food, Agricultural and Environmental Sciences (CFAES) at The Ohio State University, Dr. Bobby D. Moser has served the university and the broader agricultural community with unparalleled success.

Dr. Moser earned his bachelor’s and master’s degrees at Oklahoma State University and received his doctorate in animal nutrition from the University of Nebraska, where he later served as professor. He held his first administrative position as associate dean of agriculture and agriculture extension program director at the University of Missouri.

Dr. Moser joined Buckeye Nation as director of OSU Extension before becoming vice president of agricultural administration, overseeing CFAES, OSU Extension, the Ohio Agricultural Research and Development Center and the Agricultural Technical Institute. He was also executive dean of the university’s professional colleges and served as vice president for university outreach.

As dean of CFAES, Dr. Moser was steadfast in his commitment to enhance access and affordability, and cultivate lasting relationships with Ohio communities and local leaders. His legacy also includes expanding science-based learning opportunities, increasing donations and revenue, and transforming the university’s agricultural facilities into state-of-the-art centers for learning and research — most notably the Nationwide & Ohio Farm Bureau 4-H Center and the Food Innovation Center.

Dr. Moser has received numerous accolades for his exemplary leadership, including induction into the Ohio Agricultural Hall of Fame. In 2005, Dr. Moser was appointed by President George W. Bush and Indian Prime Minister Manmohan Singh to the U.S.-India Knowledge Initiative on Agricultural Education, Teaching, Research, Service and Commercial Linkages.

Loyal supporters of Ohio State for more than 25 years, Dr. Moser and his wife, Pat, established the Pat and Bobby Moser Family Study Abroad Scholarship in 2014. Last year, in commemoration of his service on the W.K. Kellogg Foundation Board, the Mosers and the foundation established the W.K. Kellogg Foundation and Bobby Moser Food Security and Sustainability Learning Community at Ohio State.

**David E. Schuller**

**DISTINGUISHED SERVICE AWARD**

An Ohio native and lifelong advocate for The Ohio State University, Dr. David E. Schuller has been instrumental in the development of The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute.

After graduating from Rutgers University and earning his medical degree at Ohio State, Dr. Schuller became a clinical instructor while completing his medical residency. He quickly excelled to become a tenured professor by 1984 and was elected chair of the Department of Otolaryngology – Head and Neck Surgery that same year, a position he held for 21 years.

In 1988, Dr. Schuller was appointed director of Ohio State’s Comprehensive Cancer Center (CCC) and CEO of The James. He led the institution to achieve numerous national rankings, creating one of the best human cancer genetics programs in the country. Dr. Schuller was named CEO emeritus of The James and director emeritus of the CCC in 2008 and a distinguished professor at the College of Medicine in 2013.

Dr. Schuller was instrumental in articulating the vision for the 2014 expansion of The James, the largest construction project in Ohio State history at the time. An active member of the James Foundation Board, he helped secure a $100 million grant for the project — successfully integrating patient care with research and education in the third-largest cancer hospital in the country.

Beyond his many contributions to Ohio State, Dr. Schuller represented the university in several organizations, including the Accreditation Council for Graduate Medical Education Residency Review Committee for Otolaryngology; the Council of the American Society of Head and Neck Surgeons; the National Cancer Institute; and the American Board of Otolaryngology.

Dr. Schuller received an Alumni Achievement Award from the Ohio State College of Medicine in 1995 and a Presidential Citation Award from the American Academy of Otolaryngology – Head and Neck Surgery in 1997 and was named International Health Professional of the Year in 2003 by the International Biographical Centre of London, England. In 2012, he was named to the Rutgers Hall of Distinguished Alumni.

Generous supporters for more than 40 years, Dr. Schuller and his wife, Carole, are members of the university’s Oval Society and James Leadership Society. They have two children and four grandchildren.
Iris S. Wolstein  
**DISTINGUISHED SERVICE AWARD**

A passionate and transformational philanthropist, Iris S. Wolstein has dedicated six decades to improving the Buckeye state and helping future leaders achieve their full potential. Along with her late husband, Bert, Ms. Wolstein has been a steadfast patron of higher-learning institutions across Ohio, including Cleveland State University and Case Western Reserve University. She has supported numerous academic programs, scholarships and building projects at The Ohio State University, with notable contributions to the Max M. Fisher College of Business and Department of Athletics.

In 2012, the Bertram L. and Iris S. Wolstein Foundation established the Bert L. and Iris S. Wolstein Entrepreneur Leadership Initiative Fund at Fisher, which supports the Bert L. and Iris S. Wolstein Seminar in Entrepreneurial Leadership — a capstone course for high-achieving Ohio State students. Students who complete the seminar are recognized as Bert L. and Iris S. Wolstein Scholars and graduate with a distinction in entrepreneurship. The fund also supports the Bert L. and Iris S. Wolstein Entrepreneurial Internship Program for students and the Bert L. and Iris S. Wolstein Entrepreneurial Leadership Summit for entrepreneurs and executives.

In athletics, Ms. Wolstein developed the Wolstein Leadership Academy, an undergraduate sports program that instills the importance of leadership in student-athletes and prepares them to be influential and positive role models in society. Her generosity also has supported the men’s soccer program as well as improvements at Ohio Stadium and the Jessie Owens Memorial Stadium. Ms. Wolstein is president of Heritage Development Company — where she oversees operations for Heritage Development and its subsidiaries — and a lifetime director of The Ohio State University Foundation Board.
Dear Graduates:

Congratulations on earning the diploma soon to be in your hands. Few things are as satisfying as earning an education that is truly yours. This is a milestone achievement — one that gives the green light to begin your next chapter. While you anticipate what is ahead, also consider how much you have gained as an Ohio State student.

During your time on campus, you absorbed a great deal of knowledge, the true currency of today’s society. I hope that you were inspired inside a classroom, through a leadership position or by way of a research endeavor, and that we played a role in helping you discover your passion. As the years roll on, regardless of where life takes you, remember to cherish the friends you made here and the wisdom you gained.

Today is your day to celebrate, but it is also a day of gratitude — a time to thank your instructors, mentors, friends and family who helped you reach this pivotal moment. Whether they are sitting in the stands or congratulating you from afar, they have contributed to your success in many ways. So thank your loved ones for the brown-bag lunches that fueled you, and thank teachers for the resources that guided you. Much of what you have accomplished can be traced back to their support.

Many of you chose to attend Ohio State because you wanted to solve problems, change lives or make our world a better place — perhaps all three. Now, more than ever, our world needs ambitious, lifelong learners. Your unique ideas and diverse experiences will shape our future, and your accomplishments will be a positive force for change in communities around the globe. Congratulations, again, on becoming a Buckeye for life!

Sincerely,

Michael V. Drake, MD

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

### The Gown

**Bachelor:** The bachelor gown is black, full cut with long pointed sleeves.

**Master:** The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

**Doctor:** The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

### Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude, magna cum laude, cum laude, with distinction* and with *honors.*

### The Hood

**Bachelor:** Three feet long with a two-inch-wide velvet edging.*

**Master:** Three and one-half feet long with a three-inch-wide velvet edging.

**Doctor:** Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

* Not usually worn by candidates for a degree.

### Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

- **Graduate School (PhD)** .................................................. Gray (Others) .................................................. Black
- **College of Arts and Sciences**
  - BA .......................................................... White
  - BA Journalism .................................................. Crimson

The gold tassel is worn frequently by those holding the doctoral degree and by college and university administrative officers.
Photography

As a courtesy to those persons receiving degrees today, please remain seated in the stands until the graduates have received their diplomas and moved past the stadium gates. Photographs may be taken from the stands at any time during the ceremony. However, only press photographers are permitted on the field.

A professional photographer will take a photograph of each graduate as the diploma is awarded. A free color print of the photograph will be mailed to the graduate’s address within one month after graduation. You may purchase additional photos, but you are not obligated to do so.

In the case of inclement weather, every effort will be made to hold commencement as planned. Commencement will take place in Ohio Stadium, unless weather conditions are dangerous or severe, in which case the ceremony will be canceled. No indoor facility on campus can accommodate the graduating class and their guests.

On commencement day, Ohio State officials will be in continuous contact with the National Weather Service to monitor approaching weather. If it is feasible to delay the start of the ceremony and wait for clearing or less severe weather, the start of the ceremony may be delayed up to one hour. Should this happen, any changes will be announced on-site to graduates and guests. Graduates will remain in the assembly locations; guests are asked to remain in protected areas of Ohio Stadium. Your patience and cooperation will help facilitate this plan.

In case of cancellation

If it is determined that severe weather will not permit us to hold commencement, the ceremony will be canceled. Once cancellation has been announced, graduates should report to the following locations one hour after cancellation to receive their diplomas.

It is strongly advised that graduates and guests prearrange a meeting place in case the ceremony is canceled. Guests should not go to French Field House or RPAC where most diplomas will be distributed to graduates. St. John Arena and various locations on West Lane Avenue are some suggested meeting sites.

Diplomas will remain in the following locations until 4 p.m. on commencement day. Diplomas not picked up by 4 p.m. will be taken to Buckeye Link on the first floor of the Student Academic Services (SAS) building, 281 West Lane Avenue. Diplomas will be available for pick-up there between 9 a.m. and 4 p.m., May 7-11. If a graduate’s diploma remains unclaimed after May 11, it will be mailed to the permanent address on record within two to four weeks of commencement. Graduates can verify/change their mailing addresses by navigating to the BuckeyeLink website at buckeyelink.osu.edu. Click on “My Student Center,” then scroll down to the “Personal Information” section to view the address. Click on the “Permanent Address” hyperlink if there is a need to edit it.

I say, rather, the richness of us,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants. I was given
the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where
you’re sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—
by degrees. We’ve all come together
around the kitchen table of Ohio State.
Ohio, Round on the ends and high
in the middle. For the years to come
we’ll sing together, Beautiful Ohio,
in dreams again I see, Visions of what
used to be. These psalms, sacred thoughts
of our tribes, 78’s and 33’s, tapes,
CD’s—they take up space in shelves
of our skulls, our hearts. They remind us
we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one
alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. Drive, drive on down the field,
Men (and women!) of the Scarlet
and Gray. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,
and you searched our dark, ancient library
for a decent place to study. My wife,
Mary’s, father marched in the first
“Script Ohio,” in 1936. He’s here today
with us, blowing his horn, I can’t help
but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today’s music makes us think
of the debts we owe, and never can repay.
So many of us would not be here
were it not for the lullabys and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people
sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them
for this day of profound scarlet and gray
pomp and circumstance. O, come
let’s sing Ohio’s praise, And songs
to Alma Mater raise. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
Well, Mother, we love you, but, like,
it’s time we moved out, got a place
of our own. You’re standing there,
Mom, gray hair, eyes scarlet
from crying. We won’t forget you.
Now, even though this ceremony
means we’re being weaned, taken off
the nipple, let’s take care to cherish her
all our days. Let’s remember
the words to the songs she taught us,
and pass them on. We’ll remember
always, Graduation Day, Summer’s heat,
and winter’s cold. The seasons pass,
the years will roll, Time and change
will surely show How firm thy friendship,
O-hi-O. We call that little number
Carmen Ohio. Carmen means song
in Latin. You’ve worked hard; she
is your reward; today is your reward.

You’re filled to overflowing with
the notes, the poems we’ve written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need
you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly
all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.
