Class of 1985
Oh! come let's sing Ohio's praise,
And songs to Alma Mater raise;
While our hearts rebounding thrill,
With joy which death alone can still.
Summer's heat and Winter's cold,
The seasons pass, the years will roll;
Time and change will surely show
How firm thy friendship — Ohio.

Commencement Speaker

Amos H. Lynch, Sr.
Doctor of Humane Letters

Amos H. Lynch has been an important influence in the Columbus black community for more than three decades, first as managing editor and advertising and promotions director of The Ohio Sentinel and then, since 1962, as general manager of The Columbus Call and Post—Columbus’ only black-owned and black-operated newspaper. Lynch has been recognized many times for his journalistic accomplishments with merit awards from the National Newspaper Publishers Association.

In the community, he has been vice chairman of the Columbus Area Chamber of Commerce, treasurer of the Columbus Urban League, president and executive secretary of the Mt. Vernon Avenue District Improvement Association, and coordinator of the Columbus Leadership Conference. Lynch is a trustee of St. Anthony Hospital and is currently involved with the Employment and Education Commission of Franklin County, the United Negro College Fund’s Columbus Campaign Advisory Council, and the local United Way Advisory Board. He has been active in a large number of other community service organizations and efforts in the past. He has been recognized for his role in the community with numerous awards and citations, including “Man of the Year” honors from the Spring Street YMCA, East High School, and The Columbus Citizen-Journal.

A graduate of Columbus South High School, Lynch attended Ohio State and served in the Navy during World War II. Ohio State is proud to recognize this important community leader for the continued dedication and inspiration he provides to his fellow citizens.
F. Miles Flickinger, M.D.
Distinguished Service Award

One of the most influential leaders in the establishment of The Ohio State University at Lima is F. Miles Flickinger. He has been associated with Ohio State for half a century as student and loyal alumnus. He earned his bachelor's, master's, and medical degrees from Ohio State and has had a surgical practice in Lima since 1946. He was one of the individuals who provided support—both financially and through his counsel—to expand the University's involvement in Lima from its initial offering of courses in Lima Senior High School. Flickinger was a member of the first organized support group for the campus, known as the "Friends of the Lima Campus," and has been a member of the Lima Campus Citizen Council since 1975. He also was one of the first alumni appointed to represent regional campuses on the Alumni Association's Alumni Advisory Council. Flickinger is a member and past president of the Alumni Association. He has been a loyal supporter of both the Lima campus and the College of Medicine and is a member of The Presidents Club. Flickinger has helped Lima-area students further their educations through the Flickinger Family Foundation.

Beyond the Lima campus, Flickinger has been an active community leader as well. He has been a trustee of Lima Technical College, Trinity Methodist Church, the Ohio Methodist Theological School, and the Lima Chapter of the American Red Cross, a board member and president of the Boy Scouts’ Shawnee Council, president of the Lima Kiwanis Club, and vice president of the Lima Area Association of Commerce. Flickinger is a fellow of the American College of Surgeons and an active member of the Central Surgical Society of America. Ohio State is proud to honor this dedicated alumnus.

John W. Nelson
Distinguished Service Award

During his 30 years on the faculty of Ohio State's College of Pharmacy, John W. Nelson not only helped to shape the college's national reputation for excellence but also the building in which the college is housed. Nelson received his bachelor's degree in pharmacy from Purdue and his master's and doctoral degrees in pharmacology from the University of Florida and Purdue University, respectively. He joined the faculty of the Division of Pharmacology in 1947 as associate professor after teaching at the University of Georgia and Oregon State College. He was head of the division from 1948 to 1968, acting chair in 1973-74, and chair in 1976-77. He retired as professor emeritus in 1977. Nelson developed the College of Pharmacy's graduate program in pharmacology, which is recognized as one of the leading programs in pharmacy education in the nation. He was instrumental in the recruitment of outstanding faculty members who were committed to his goals of sound teaching coupled with high-quality research. Beyond his efforts to build the academic program, Nelson was coordinator in charge of planning and construction of Lloyd M. Parks Hall and spent countless hours working with the architects to ensure that the facility would complement the excellent programs it would house. His colleagues affectionately referred to the building as "the house that Jack built."

During his faculty career, Nelson was active in college and University affairs as well as in the American Pharmaceutical Association and the American Association of Colleges of Pharmacy. Nelson was a frequent guest lecturer and seminar instructor and wrote more than 50 publications in his areas of interest. The University proudly recognizes his contributions to excellence in pharmacy education.
Congratulations and Welcome to the Alumni Association

Congratulations on receiving your degree. You may not notice the difference, but today, along with hundreds of your colleagues, you’ve become an alumnus. For you, one era has passed; another is about to begin.

You are a member of the Buckeye family and partner in the enterprise, carrying the reputation of Ohio State through your activities and accomplishments. You exemplify the fruits of a good education: a critical mind, a discerning spirit, higher values, a sense of commitment, and the privilege of service.

You can assist the University in many ways. You can recruit new and highly qualified students. You can represent Ohio State well through personal and occupational achievements. You can participate financially through the Development Fund. And you can work in an advisory capacity with the University to improve itself and its programs to better prepare today’s students for tomorrow’s citizenship.

We extend a year’s complimentary membership in the Alumni Association. Included is a year’s subscription to the OSU/Alumni Magazine, which will keep you informed of the University’s continuing pursuit of excellence and help you keep in touch with your friends and classmates.

To you, your family, friends, and those others who helped you arrive here today go our best wishes. You are joining a great family of Ohio State alumni working together to make a difference around the world.

Cordially,

Robert S. Dorsey

The Academic Costume

The colorful ceremonies of The Ohio State University Commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drifty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation’s English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square—a shape which, according to ballad folklore, resembles a scholar’s book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral degrees, not only indicates the type of degree, but also is lined with the official colors of the University.

The Gown

Bachelor. Black, full cut with long pointed sleeves.

Master. Black, long or short sleeves with arc-shaped panel extended for each sleeve.

Doctor. Black with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

The Hood

Bachelor. Three feet long with a two-inch-wide velvet edging.

Master. Three and one-half feet long with a three-inch-wide velvet edging.

Doctor. Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study:

- Dentistry: Lilac
- Law: Purple
- Medicine: Green
- Musical Arts: Pink
- Optometry: Sea-foam Green
- Pharmacy: Olive Green
- Philosophy: Dark Blue
- Veterinary Medicine: Gray

*Not usually worn by candidates for a degree.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

- Graduate School: Black
- Colleges of the Arts and Sciences: White
- College of the Arts (B.A., B.S.I.D.): Brown
- College of Engineering (B.A., B.S.I.D.): White

- College of Biological Sciences: White
- College of Humanities: White
- College of Mathematical and Physical Sciences: White
- College of Social and Behavioral Sciences: White

- School of Allied Medical Professions: Green
- College of Nursing: Apricot
- College of Optometry: Sea-foam Green
- College of Pharmacy: Olive Green

The gold tassel is worn frequently by those holding the doctoral degree and by college and University administrative officers.
