Alma Mater—Carmen Ohio

Graduates and guests led by
Nancy E. Jantsch

Oh! Come let's sing Ohio's praise,

And songs to Alma Mater raise;

While our hearts rebounding thrill,

With joy which death alone can still.

Summer's heat or Winter's cold,

The seasons pass, the years will roll;

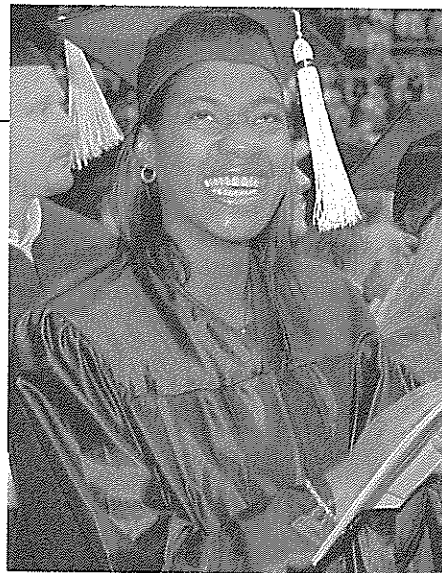

Time and change will surely show

How firm thy friendship—Ohio.

Recessional

Excerpts from the commencement ceremony will be broadcast
on WOSU-TV, Channel 34, at 5:30 p.m. today.

President Kirwan looks forward to personally congratulating you and
your graduate immediately following the ceremony in the Auxiliary Gym
in the southwest rotunda.

David Satcher

Doctor of Science

David Satcher is the 16th surgeon general of the United States. Sworn in on February 13, 1998, for a four-year term, he is only the second person in history to have held the positions of surgeon general and assistant secretary for health simultaneously.

Born in Anniston, Alabama, Dr. Satcher graduated from Morehouse College in Atlanta in 1963. He received his M.D. and Ph.D. from Case Western Reserve University in Cleveland in 1970. He completed his residency and fellowship training at the University of Rochester, the University of California at Los Angeles, and the King-Drew Medical Center in Los Angeles.

Prior to his appointment as surgeon general, he served as director of the Centers for Disease Control and Prevention in Atlanta and administrator of the Agency for Toxic Substances and Disease Registry from 1993 to 1998. Before that, he was president of Meharry Medical College in Nashville

for 11 years. He was also professor and chair of the Department of Community Medicine and Family Practice at Morehouse School of Medicine from 1979 to 1982. He was on the faculty of the UCLA School of Medicine and Public Health and the King-Drew Medical Center in Los Angeles, where he developed and chaired the King-Drew Department of Family Medicine. From 1977 to 1979, he served as interim dean of the Charles R. Drew Postgraduate Medical School. He also directed the King-Drew Sickle Cell Research Center for six years.

As surgeon general, Dr. Satcher is leading the U.S. Department of Health and Human Services' effort to eliminate racial and ethnic disparities in health, an initiative that was incorporated as one of the two major goals of Healthy People 2010, the nation's health agenda for the ten next years. He has also released Surgeon General's Reports

on tobacco and health; women and smoking; mental health, which was followed by a supplement on children's mental health; suicide prevention; oral health; and youth violence prevention.

He is a former Robert Wood Johnson Clinical Scholar and Macy Faculty Fellow. His many honors include top awards from the National Medical Association, the American Medical Association, the American College of Physicians, the American Academy of Family Physicians, the American Academy for the Advancement of Science, and *Ebony* magazine. He is a fellow of the American Academy of Family Physicians, the American College of Preventive Medicine, and the American College of Physicians.

Ohio State proudly adds its own honors to those already received by this distinguished physician, scholar, and statesman and welcomes him to address our graduating class.

RECIPIENTS OF HONORS

Raphael Mechoulam

Doctor of Science

Raphael Mechoulam, Lionel Jacobson Professor of Medicinal Chemistry at Hebrew University in Jerusalem, is internationally known for his research on the chemistry and biological activity of natural products, primarily cannabinoids and their synthetic medicinal agents.

During the 1960s, Professor Mechoulam was the first to isolate and determine the pharmacologically-active constituent in marijuana and hashish, opening the possibility of its use in the treatment of diseases. Three decades later, he identified anandamide, an endogenous ligand for the cannabinoid receptor in the brain, which has led to further investigation of potential therapeutic agents for drug addiction and other diseases.

A native of Bulgaria, Professor Mechoulam received his master's degree in biochemistry at Hebrew University in 1952 and his doctorate from the Weizmann Institute in Rehovot, Israel, in 1958. Following a year of post-doctoral study at New York's Rockefeller Institute, he became a junior and, later, senior scientist at the Weizmann Institute, researching the chemistry of natural products, including cannabinoids, terpenes, and alkaloids. He joined the faculty of Hebrew University in 1966. From 1979 to 1982, he served as rector of the university and as pro-rector from 1983 to 1985.

In 1982–83, he was a Distinguished Visiting Professor in The Ohio State University College of Pharmacy's

Division of Medicinal Chemistry and Pharmacognosy, where he collaborated with faculty members on a variety of research projects. He also served as Visiting Professor in the Department of Pharmacology at the Medical College of Virginia in Richmond in 1993–94.

Professor Mechoulam has published 225 scientific papers and three books, and he holds 11 patents. In 1999, the International Cannabinoid Research Society, of which he was president at the time, established an annual award in his honor. He has received numerous awards, named lectureships, and honors in Israel and Europe, including election to the Israel Academy of Sciences.

Clayton Daniel Mote, Jr.

Doctor of Science

Clayton Daniel Mote, Jr. was named university president and Glenn L. Martin Institute Professor of Mechanical Engineering at the University of Maryland, College Park, in 1998. Prior to that, he served on the University of California, Berkeley, faculty for 31 years.

As president of the University of Maryland, he is committed to positioning the university as a leader in developing the state's high-tech economy, especially in the information and communication, bioscience and biotechnology, and nanotechnology sectors.

Professor Mote earned his bachelor's, master's, and doctorate degrees in mechanical engineering in 1959, 1960, and 1963, respectively, from the University of California, Berkeley. After a year as a research fellow in mechanical engineering at the Univer-

sity of Birmingham (England), he joined the faculty of the Carnegie Institute of Technology in 1964. In 1967, he returned to Berkeley, becoming full professor in 1973. He became chair of mechanical engineering in 1987, leading the department to the top ranking in the National Research Council's review of graduate programs.

From 1991 to 1998, Professor Mote served as vice chancellor of university relations and president of the University of California, Berkeley Foundation, where he conceived, designed, and led a comprehensive capital campaign that raised \$1.4 billion for the university. In addition, he maintained an active research program, supervising graduate students and post-doctoral scholars.

He is internationally recognized for his research on the dynamics of gyroscopic systems, including high-

speed translating and rotating systems. His work on the biomechanics of snow skiing spans three decades and has resulted in more than 300 publications, plus patents in the United States, Norway, Finland, and Sweden.

Professor Mote serves on the Lt. Governor of Maryland's Technology Advisory Working Group, the Technology Council of Maryland, and the Washington Regional Committee for the 2012 Olympics, and he is co-chair of the Potomac Conference of the Greater Washington Board of Trade. He was named this year by *Business Forward* magazine as one of the 40 most influential leaders in Washington, D.C. He is a member of the U.S. National Academy of Engineering and a fellow of the American Association for the Advancement of Science.

Karen K. Uhlenbeck

Doctor of Science

Karen K. Uhlenbeck, a 2000 National Medal of Science recipient, has held the Sid W. Richardson Foundation Regents Chair in Mathematics at the University of Texas at Austin since 1987.

A native of Cleveland, Professor Uhlenbeck received her bachelor's degree from the University of Michigan in 1964 and her master's and doctorate from Brandeis University in 1966 and 1968, respectively. She began her scientific career as an instructor at the Massachusetts Institute of Technology and, since then, has held faculty appointments at the University of California, Berkeley; the University of Illinois, Urbana-Champaign; the University of Illinois, Chicago; and the University of Chicago before joining the mathematics faculty at the University of Texas.

She has also held numerous visiting appointments at universities around the world, including the Institute for Advanced Study at Princeton; Warwick University in England; IHES in Bures-Sur-Yvette, France; the University of California, San Diego; the Max-Planck-Institut für Mathematik in Bonn, Germany; Harvard University; the Mathematical Sciences Research Institute, Berkeley; and Northwestern University.

Professor Uhlenbeck's mathematical interests include the calculus of variations, nonlinear partial differential equations, differential geometry, gauge theory, topological quantum field theory, and integrable systems. She has served as advisor to 14 students completing their doctoral dissertations and is actively involved in outreach programs for mathematics in Austin-area

high schools. She has served as an organizer and lecturer for the IAS Mentoring Program for Women in Mathematics since 1994.

Her many honors include a 2001 Guggenheim Fellowship, a MacArthur Fellowship, and election to the American Academy of Arts and Sciences and the National Academy of Sciences. She served as vice president of the American Mathematical Society, has sat on the editorial boards of 10 research journals, and regularly serves as consultant to mathematics departments and foundations. She has delivered many invited lectures at major research centers and presented the Colloquium Lectures of the American Mathematical Society. In 1990, she became the second woman to give a plenary lecture at an International Congress of Mathematics meeting.

RECIPIENTS OF HONORS

Ray J. Groves

Distinguished Service Award

Ray J. Groves is the chair of Legg Mason Merchant Banking Inc., a group of private equity funds. He chairs The Ohio State University Foundation Board of Directors and is a member of the Dean's Advisory Council of the Max M. Fisher College of Business.

A 1957 Ohio State graduate in business administration, Mr. Groves served as chair and chief executive officer of Ernst & Young, an international accounting firm, for 17 years until his 1994 retirement. He has continued his involvement with his alma mater since graduation, recruiting students in the accounting profession.

Mr. Groves has played a leading role in building the Fisher College of Business's excellence in both academic programming and physical presence on campus. As co-chair of the Fisher

College's Campaign Committee, he has been invaluable in meeting fundraising goals, leading the college into national prominence. He also serves Ohio State as chair of the National Major Gift Committee for New York and is a former member of the National Campaign Executive Committee.

A resident of New York City and Connecticut, his service to his community and his profession is wide-ranging. He is a trustee of the New York State Public Policy Institute, a member of the Council on Foreign Relations, and a former board member of the American Stock Exchange and the National Association of Securities Dealers. He is a former member of the Board of Overseers of the University of Pennsylvania's Wharton School and served as chair of its Center for the

Study of the Service Sector. He is a managing director, a member of the executive committee, and secretary-treasurer of the Metropolitan Opera Association.

Mr. Groves serves on the boards of the following NYSE companies: Allegheny Technologies Incorporated, American Water Works Company, Boston Scientific Corporation, Electronic Data Systems Corporation, Marsh & McLennan Companies, and The New Power Company.

In recognition of his service to the university, Mr. Groves has received the 1985 Pace Setters Award, the President's 300th Commencement Award in 1987, the Fisher College of Business Lifetime Achievement Award in 1995, and a John B. Gerlach Sr. Development Volunteer Award in 1997.

E. Leonard Jossem

Distinguished Service Award

E• Leonard Jossem is emeritus professor of physics at The Ohio State University. He has spent more than a half century in service to his discipline, earning him a reputation as a master teacher.

Professor Jossem received his bachelor's degree in physics from City College of New York in 1938 and his master's and doctorate in condensed matter physics from Cornell University in 1939 and 1950, respectively. During World War II, he was a member of the scientific staff at Los Alamos in the Advanced Developments Division. He served for nine years on Cornell's faculty before joining the physics faculty at Ohio State in 1956. He served as chair of the university's Department of Physics from 1967 to 1980, retiring in 1989. During his tenure at Ohio State,

the Department of Physics grew in quality and reputation, becoming known for its emphasis on good teaching.

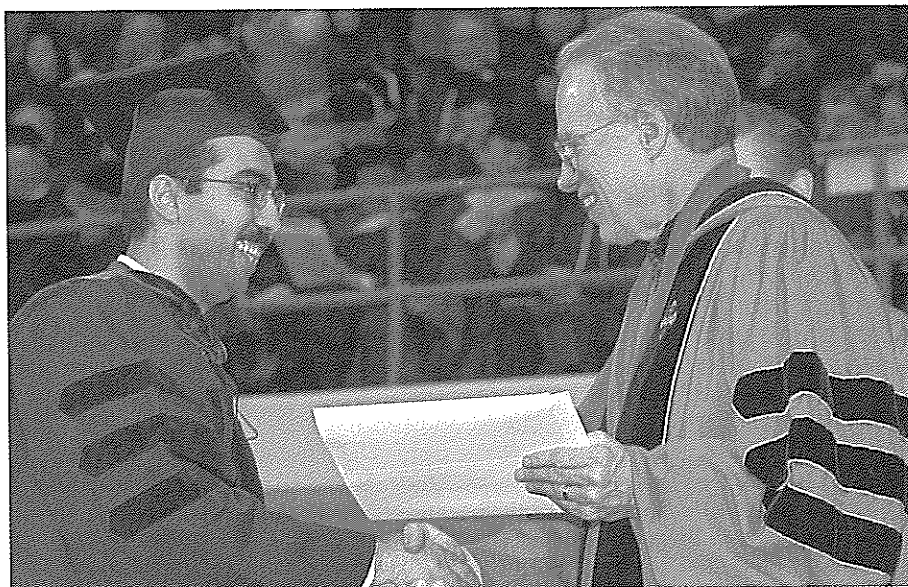

Long interested in physics education, he was a member of the Commission on College Physics, serving as chair from 1966 to 1971, during which time the commission's work fundamentally changed the way physics is taught in this country. He is a past president (1973-74) of the American Association of Physics Teachers. His work with the Educational Testing Service, the National Academy of Sciences/National Research Council, and the American Institute of Physics has had an impressive impact on physics education throughout the world.

In addition, he has served on the International Commission on Physics Education of the International Union

of Pure and Applied Physics and on the Committee on the Teaching of Science of the International Council of Scientific Unions. He has been a consultant for UNESCO projects in Thailand and for the World Bank-Chinese University Development Project in China, where he holds honorary professorships in physics at Beijing Normal University, Beijing Teachers College, and Southeast University in Nanjing.

His many honors include the American Association of Physics Teachers' Oersted Medal, Melba Newell Phillips Award, and a Distinguished Service Citation. He is a fellow of the American Physical Society, the American Association for the Advancement of Science, and the United Kingdom's Institute of Physics and Royal Society of the Arts.

A MESSAGE FROM PRESIDENT KIRWAN

Commencement combines the satisfaction of reaching a significant milestone with the excitement of preparing for new opportunities and challenges. It's a time of recognition and celebration, capstone and springboard. It's a time when academia, family, and friends gather for a joyous, exhilarating ceremony.

I have attended hundreds of commencements over the years and still approach each one with anticipation and joy. Graduation Day never loses its luster. Of all the special experiences that come with the job of president, this remains my favorite day.

Today marks my thirteenth commencement ceremony at Ohio State, where I remain honored to serve as the twelfth president. I am proud of our student body, faculty, staff, and administration. I am also proud of the progress that we are making to transform Ohio State into a truly great teaching and research university.

As graduates of this university, you have good reason to feel a strong sense of pride and achievement. While success is never certain, you are well prepared for the challenges and opportunities that await you.

If you're like most of your predecessors, your attachment to Ohio State will become even more meaningful as the years go by. Increasingly, you will recognize this time as among your most important life-altering experiences.

You are also joining a family of over 500,000 Ohio State graduates. I hope you will keep in touch with us and return here often. Meanwhile, congratulations and best wishes to each and every one of you.

W. E. Kirwan

William E. Kirwan
President

CONGRATULATIONS AND WELCOME TO THE ALUMNI ASSOCIATION

Congratulations on receiving your degree. You may not notice the difference, but today, along with hundreds of your colleagues, you have joined the ranks of Ohio State alumni. For you, one era has passed, and another is about to begin.

You are a member of the Buckeye family and partner in the enterprise, carrying the reputation of Ohio State through your activities and accomplishments. You exemplify the fruits of a good education: a critical mind, a discerning spirit, higher values, a sense of commitment, and the privilege of service.

You can assist the university in many ways. You can recruit new and highly qualified students. You can represent Ohio State well through personal and occupational achievements. You can participate financially through the Development Fund. And you can work in an advisory capacity with the university to improve it and its programs to better prepare today's students for tomorrow's citizenship.

We extend to you a year's complimentary membership in the Alumni Association. Included is a year's subscription to the *Ohio State Alumni Magazine*, which will keep you informed of the university's continuing pursuit of excellence and help you keep in touch with your friends and classmates.

To you, your family, friends, and all those who helped you reach this day go our best wishes. You are joining a great family of Ohio State alumni working together to make a difference around the world.

Cordially,

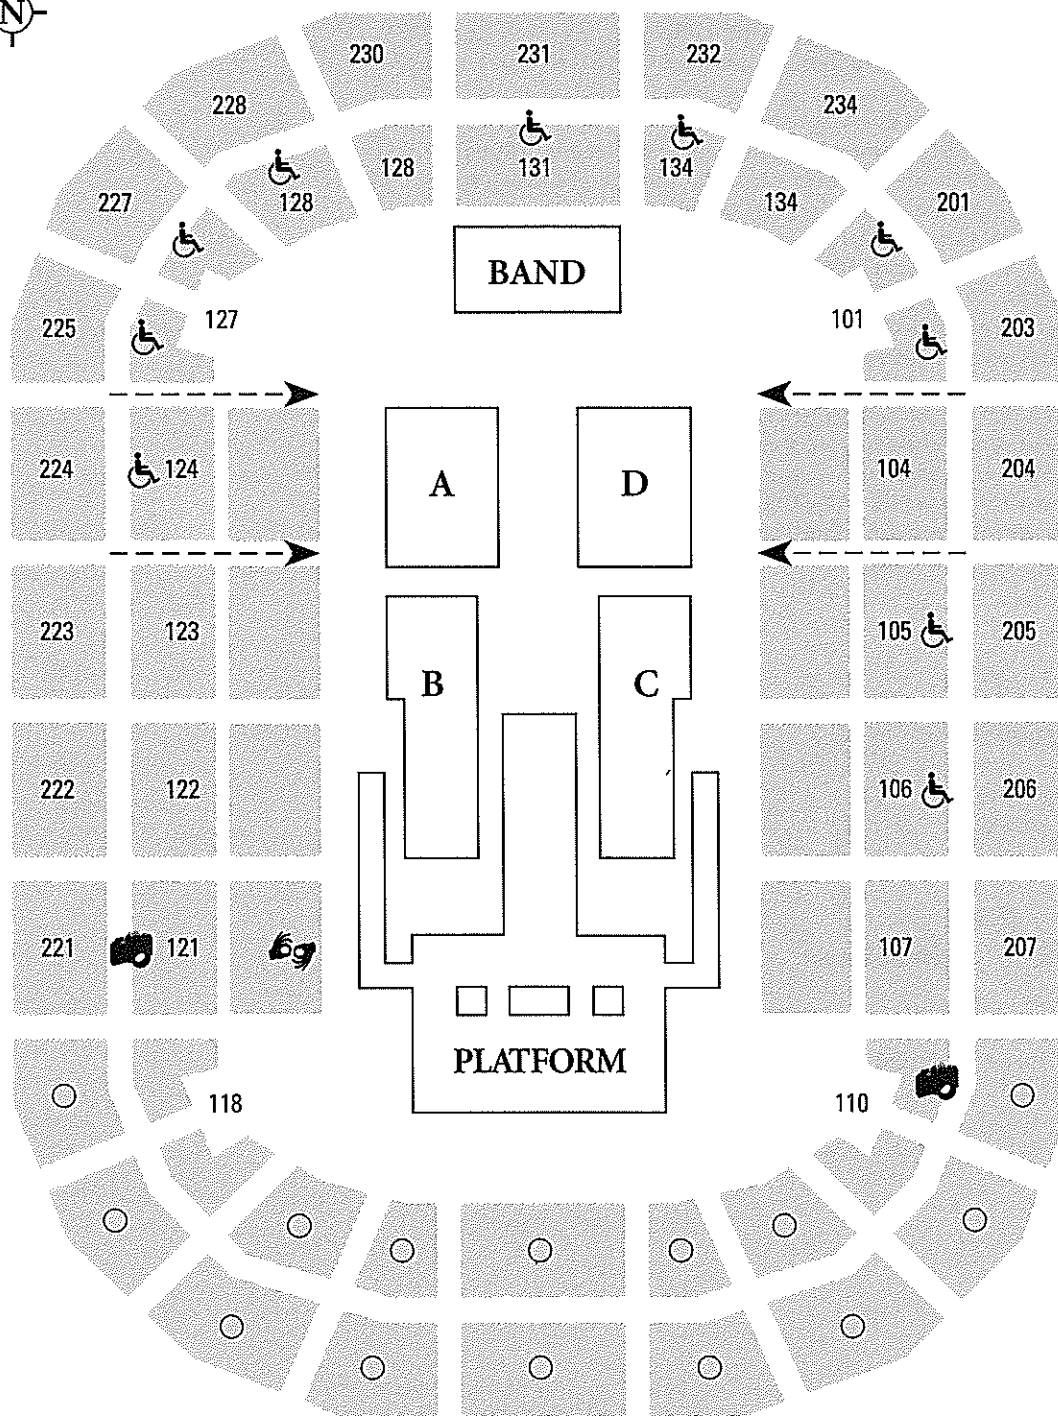

Thomas A. Waltermire

Graduates with Honors

Criteria for graduating with honors are as follows:

Summa Cum Laude designates those graduating with a 3.9 GPA or better.

Magna Cum Laude designates those graduating with a 3.7 GPA or better.

Cum Laude designates those graduating with a 3.5 GPA or better.

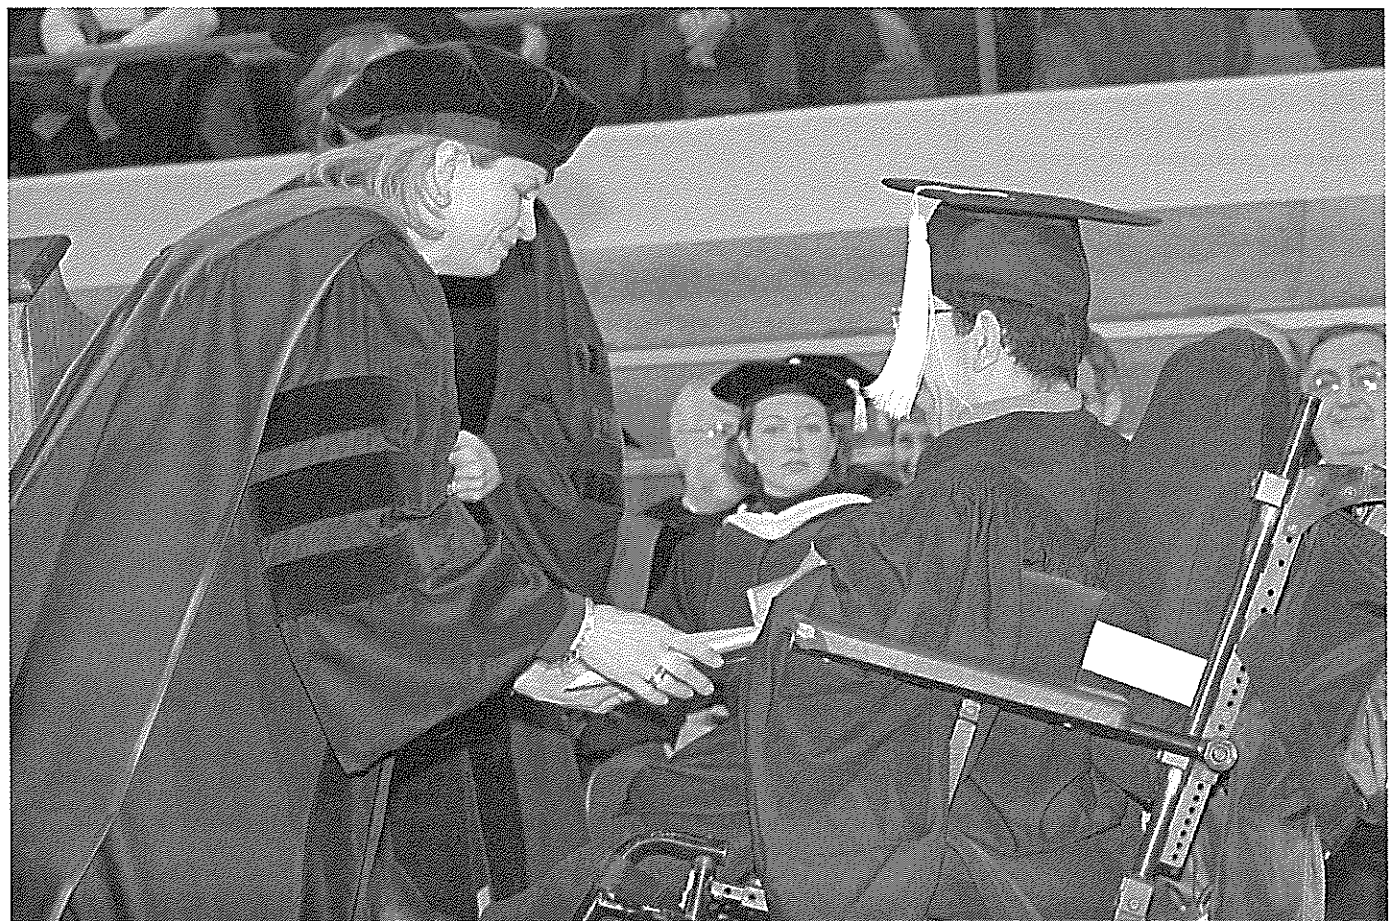

With Distinction requires successful completion of a Senior Honors Thesis and graduation with a 3.3 GPA or better.

With Honors in the Liberal Arts requires successful completion of the Arts and Sciences Honors Contract and graduation in the top 25% of the class.

University Commendation designates those whose attainment of high academic standards is judged by the college to be especially meritorious.

This program is not an official graduation list

While every effort is made to ensure accuracy in this commencement program, printing deadlines sometimes prevent inclusion of graduates' names, or may result in use of names of persons not completing graduation requirements. This printed program, therefore, should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of The University Registrar, 202 Lincoln Tower, 1800 Cannon Drive, Columbus, Ohio 43210.

THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: Black, full cut with long pointed sleeves.

Master: Black, long or short sleeves with arc-shaped panel extended for each sleeve.

Doctor: Black with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, with distinction, with honors in business, with honors in the liberal arts, and with honors in pharmacy.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.*

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study:

Dentistry	Lilac
Law	Purple
Medicine	Green
Musical Arts	Pink
Optometry	Seafoam Green
Pharmacy	Olive Green
Philosophy	Dark Blue
Veterinary Medicine	Gray

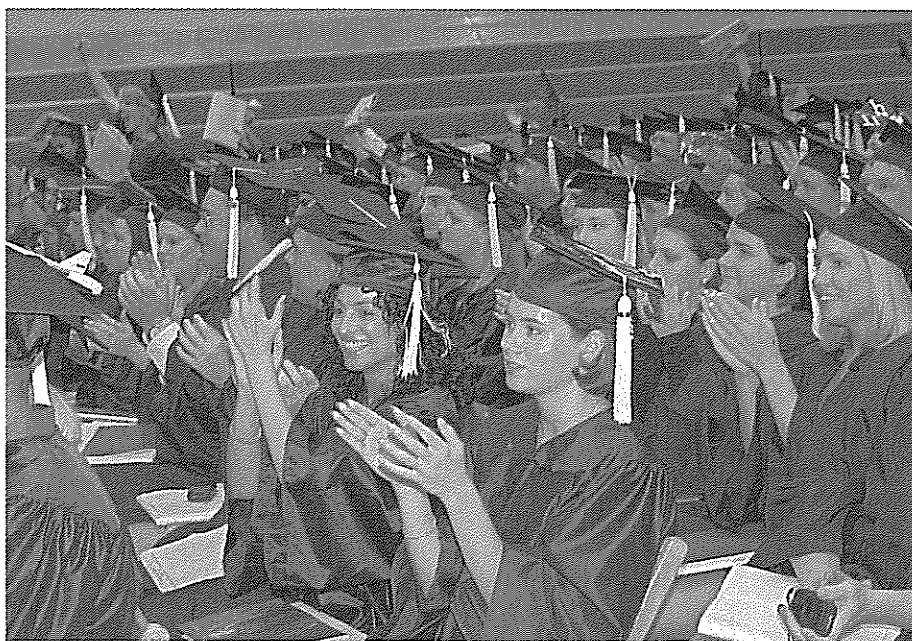

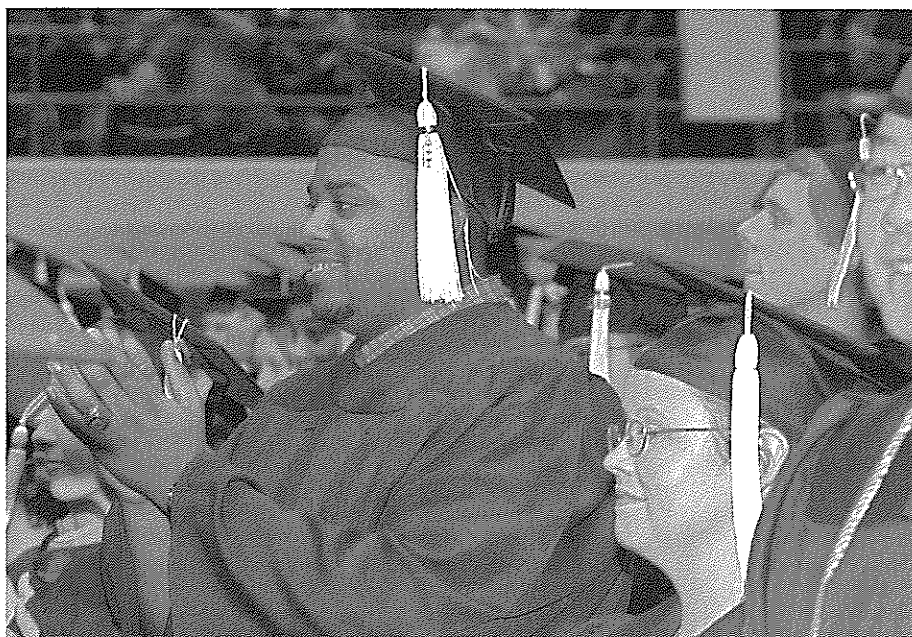

* Not usually worn by candidates for a degree.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

Graduate School	Black
