

July 2025

Course Number Change

Aerospace Engineering

AEROENG

Autumn 2025 Semester

5612.01 Aircraft Performance and Flight Test Engineering

Previous Number: 5612

U G 3

Determination of the performance, stability, controllability, and handling qualities of general aviation aircraft through analysis and flight tests.

Prereq: 3520 and 3570. Not open to students in the PMAPE-MAA program or with credit for 5612.02.

Anthropology

ANTHROP

Spring 2026 Semester

2203 Introduction to Forensic Anthropology

Previous Number: 3305

U 3

An introduction to the discipline of forensic anthropology. This course acts as a survey of forensic anthropological approaches to the search, recovery, and analysis of human skeletal remains to facilitate identification and reconstruct the death event.

Educational Studies: Special Education

ESSPED

Spring 2026 Semester

5744 Supporting Secondary Transition for Students with Disabilities

Previous Number: 4744

U G 3

This course is designed to provide teachers with skills to promote successful transition of students with disabilities from school to adult life. It will cover issues in defining, planning, promoting, and programming for transition that encompass employment, post-secondary education, residential, and community supports.

Mechanical Engineering

MECHENG

Spring 2026 Semester

5775.01 Applied Machine Learning for MAE and Robotics

Previous Number: 5775

U G 3

Classical and modern methods of machine learning with specific applications to mechanical and aerospace engineering, and robotics.

Prereq: Math 2177 or 2174, or 2415 and 2568; and Physics 1250, 1250H, 1260 or 2300; and CSE 1221, 1222, Engr 1181, 1281.01H, 1281.02H, 1221 or 1222; and AeroEng 3581, MechEng 2850 or 5463; or Grad standing in Engineering. Not open to students with credit for MechEng 5775.02, CSE 5523, ECE 4194.02, or 7868.

Sociology

SOCIO

Autumn 2025 Semester

3200.01 Sociology of Immigration

Previous Number: 3200

U 3

Provides a sociological understanding of contemporary migration both globally and with a particular focus on the U.S. The course will examine why migration occurs; how it is sustained over time; and how immigrants are incorporated into the host society. Social relations as central to understanding immigration will be a focus of the course.

Prereq: Not open to students with credit for 3200 or 3200.02. GE diversity soc div in the US course. GE theme citizenship for div and just wrld and migration, mobility, and immobility course.

New Course

African American and African Studies

AFAMAST

Autumn 2025 Semester

2006 American Civics: Freedom, Democracy, and Struggle
U 3

This course examines American civic traditions from an interdisciplinary perspective. We will investigate the conceptual and historical roots of key texts, alongside their impacts and ongoing legacies in the United States and beyond. Key themes include: the contested relationships among church, state, and economy; debates over the meaning of democracy and citizenship; competing notions of progress.

Prereq: Not open to students with credit for WGSSt 2006 or CompStd 2006. Cross-listed in WGSSt and CompStd.

Animal Sciences

ANIMSCI

Spring 2026 Semester

2400.08 EUROPEAN MEAT AND CHEESE PROCESSING
U 1

Introduces students to cured meat and cheese production in Europe. This is the first course in a two-course education abroad series (ANIMSCI 2400.08 [1 cr hr] & ANIMSCI 3797.08 series [3 cr hr]).

Prereq: 3110 or FdScTe 2400; Admission to the "Meat and Cheese Processing: Farm-to-Fork Approaches in Mediterranean Europe" education abroad program; and permission of instructor.

Anthropology

ANTHROP

Spring 2026 Semester

3233 Medicolegal Death Investigation
U 3

This course acts as an in-depth survey of the United States medicolegal death investigation system as well as the disciplines primarily involved in death investigations.

Arts and Sciences

ARTSSCI

Autumn 2025 Semester

1194 Interdisciplinary Group Studies
U ½ - 3

Study of special or interdisciplinary topics at an introductory level.

Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions.

Spring 2026 Semester**2310 Law School Exploration and Professionalism****U 1**

This seminar is designed to explore the world of law and law schools as well as elements of personal and professional development. Thematic topics will include exploring options within the legal career field, understanding professionalism and developing skills appropriate to the legal profession; communication, conflict, and problem solving; and the logistics of the law school application process.

American Sign Language**ASL****Autumn 2025 Semester****5797 Study at a Foreign Institution****U G 3 - 9**

This course is an opportunity to study at a foreign institution and receive Ohio State credit for that work. Students will pay Ohio State fees and fees in excess of Ohio State tuition, as well as all travel and subsistence costs.

Prereq: 2104. Repeatable to a maximum of 9 cr hrs or 3 completions.

Atmospheric Sciences**ATMOSSC****Spring 2026 Semester****5401 Practical Data Processing and Analysis for Atmospheric Sciences****U G 3**

Hands-on, skills-centric course on data processing and analysis for Atmospheric Science. Students will successfully distill large volumes of raw atmospheric science data, extract meaningful relationships from the distillate, diagnose what information is needed to solve problems, and communicate their processing and analysis techniques to other atmospheric scientists.

Prereq: 2940 or Geog 5900, and Math 1151; or Grad standing.

Spring 2026 Semester**5502 Physical Meteorology****U G 3**

Introduce students to the fundamental principles underlying radiation physics, cloud physics and atmospheric chemistry. Student will understand underlying phase changes, radiation processes, and chemical reaction rates and how they influence weather.

Prereq: 5950 or equivalent, and Math 2153 or equivalent; or Grad standing.

Biophysics**BIOPHYS****Autumn 2025 Semester****7990 Molecular Life Sciences Seminar Series****G 1**

A research seminar course designed to expose doctoral students in the Biophysics graduate program to cutting-edge research in the molecular and cellular life sciences.

Prereq: Grad standing in the Biophysics program. Repeatable to a maximum of 7 cr hrs. This course is graded S/U.

Business Admin: Marketing & Logistics**BUSML****Spring 2026 Semester****4259 Entertainment Media****U 1½**

This course is meant to give you a leg up on the competition by providing background on these industries and an understanding on the complex decisions and marketing challenges faced by managers who operate in this difficult yet rewarding space.

Prereq: 4201, 4202, and BusMHR 2292, or equiv.

Business Admin: Operations and Business Analytics**BUSOBA**

Autumn 2025 Semester**7276 Advanced Tools for Data Analytics****G 1½**

Students will master data cleaning, transformation, descriptive statistics, correlation analysis, classification, clustering, and regression. A significant emphasis is placed on prompt engineering, enabling students to effectively leverage AI for advanced data analysis.

Prereq: Enrollment in JPMC graduate certificate program.

Civic Thought and Leadership**CIVICTL****Autumn 2025 Semester****3193 Directed Readings in Civic Thought and Leadership****U 1 - 3**

Independent study designed to expand understanding in a selected area of Civic thought and Leadership not covered, or covered sufficiently, in regular course offerings.

This course is graded S/U.

Civil Engineering**CIVILEN****Spring 2026 Semester****5380 Masonry and Timber Design****U G 3**

Introduction to behavior and design of wood and masonry structures. Characteristics and properties of wood, design methodology of wood structural elements and connections, analysis methods and design process of wood structures, properties of masonry, working stress design.

Prereq: 3510 or Grad standing in Civil Engineering; or permission of instructor.

Classics**CLAS****Spring 2026 Semester****2207 Classical Origins of American Civics****U 3**

This course examines how American democratic civic traditions have been shaped by the Classical worlds of Greece and Rome. Students explore the direct and indirect ways in which the politics, philosophy, and culture of the ancient world has played a central role in the creation of the American Republic and develop means of critiquing the role of the ancient world in modern political discourse.

Comparative Studies**COMPSTD****Autumn 2025 Semester****2006 American Civics: Freedom, Democracy, and Struggle****U 3**

This course examines American civic traditions from an interdisciplinary perspective. We will investigate the conceptual and historical roots of key texts, alongside their impacts and ongoing legacies in the United States and beyond. Key themes include: the contested relationships among church, state, and economy; debates over the meaning of democracy and citizenship; competing notions of progress.

Prereq: Not open to students with with credit for AfAmASt 2006 or WGSSSt 2006. Cross-listed in AfAmASt and WGSSSt.

Crop and Soil Technology**CRPSOIL****Spring 2026 Semester****3797.01T Sustainable Agriculture in Hawaiian Ecosystems****U 3**

This course is designed to give students an overview of sustainable agriculture in the tropical climate of the Pacific Islands, focusing on Hawaii's unique practices and ecosystems.

Consumer Sciences: Consumer&Family Financial Servs**CSCFFS**

Spring 2026 Semester**3222 Foundations of Investments****U 3**

Basic principals and methods of investment for non-Business majors.

Prereq: BusFin 3120 and AcctMIS 2000. Not open to students enrolled in the BSBA program. Cross-listed in BusFin.

Design**DESIGN****Spring 2026 Semester****3156 Experimental Storytelling****U 3**

Media technologies are central to how we engage in participatory practices of creating, communicating, collaborating, and circulating stories. Practice designing and prototyping forms of storytelling with a focus on engaging a target audience.

Spring 2026 Semester**3556 UI and UX Design****U 3**

User Interface (UI) and User Experience (UX) Design play key roles in the experience users have when interacting with digital products and applications. Presents and activates the theory and methodologies behind UI and UX design. Design of wireframes and interactive prototypes based on these theories and methodologies.

Educational Studies: Learning Technologies**ESLTECH****Autumn 2025 Semester****5123 Artificial Intelligence and Education: Issues and Practices****U G 3**

Explore the intersection of artificial intelligence (AI) and education in this 15-week course designed to examine how AI technologies are reshaping teaching, learning, and educational practices.

Educational Studies: School Psychology**ESSPSY****Spring 2026 Semester****4700 The Impostor Syndrome: The Psychological and Educational Impact on Learners****U 3**

Students will examine the historical context of the concept, analyze empirical research, and discuss its relevance in diverse learners and environments, including educational and workplace settings. Through case studies, reflective assignments, and group discussions, students will develop empirically backed strategies to combat feelings impostorism.

Ethnic Studies**ETHNSTD****Spring 2026 Semester****2625 Asian American Feminisms****U 3**

This course focuses on Asian American feminisms, with attention to how race, gender, and ethnicity impact Asian American experiences. Students will learn about the historical development of Asian American feminist social movements as well as their contemporary relationship to law, media, popular culture, and Asian American feminist activism.

GE foundation race, ethnicity and gender div course.

French**FRENCH****Spring 2026 Semester****1198 French on the Ground****U 1**

This distance learning, 1-credit hour course seeks to prepare students who know little to no French for an 'on the ground' experience in France or a francophone country through an introduction to language, culture, and intercultural reflections. This opportunity will enhance students' experience abroad and open their eyes to the many diverse aspects of French or francophone life.

Prereq: Not open to students with credit for French 1103, more advanced French courses, or equivalent.

General Education

GENED

Autumn 2025 Semester

2601.02 GE Connection Seminar

U 1

The Connection Seminar fulfills the GE Bookends requirement for students in the OPEEP program. Students synthesize prior learning, articulate their academic interests, and develop plans and goals for their academic experience.

Prereq: Must be enrolled in the OPEEP program. Not open to students with credit for 2601.01. This course is graded S/U.

Human Development And Family Science

HDFS

Spring 2026 Semester

8192 The Human Sciences PhD Job Market

G 3

This three-credit course examines issues related to the job market for Ph.D. students, in the human sciences addressing both academic and nonacademic opportunities. It includes insights on job applications, interviewing, and negotiation strategies.

Prereq: Grad standing.

Spring 2026 Semester

8882 Secondary Data Analysis in HDFS

G 3

This course is an applied methodology course where students will learn how to work with secondary data appropriate for use in the fields of education, family science, and human development. The focus is the logistical/technical issues involved in working with secondary data along with good scientific practice. This class is hands-on and requires students to select, describe, and analyze data.

Prereq: Grad standing.

History of Art

HISTART

Spring 2026 Semester

4040 Topics in Indigenous Art History

U 3

This course introduces students to selected topics in the field of Indigenous Art History. Repeatable to a maximum of 6 cr hrs.

Spring 2026 Semester

4798.04 Venice Past/Present/Future: Art, Architecture, and Environment in the Lagoon City

U 4

This Education Abroad class looks Venice as a singular site, one with extreme and exceptional environmental conditions. This precarious habitat influenced the production of unique forms of art, architecture, civil engineering, politics, government, and culture over the last 1500 years.

Prereq: Permission of instructor. GE theme lived environments course, High-Impact Practice Global and Intercultural Learning: Abroad, Away, or Virtual.

History

HISTORY

Autumn 2025 Semester

3595 Strategic Thought in History

U 3

This course is an applied or mobilized history course intended for students interested in political history, public service, as well as in the conceptual tools and responsibilities of citizenship. It will equip students to think rigorously and historically about the principles and pitfalls of setting strategies as well as the role of citizens in strategic decision-making.

GE theme citizenship for div and just wrld course.

Kinesiology: Sport, Fitness, and Health Program

KNSFHP

Spring 2026 Semester**1148.12 Pilates 2****U 2**

This is an activity course in which students who have taken Pilates 1 can expand their knowledge of Pilates, learn more challenging exercises, and explore the use of props in their workouts. This course is open to students who have completed Pilates 1 or per instructor's discretion.

Prereq: 1148.07.

Spring 2026 Semester**1148.13 Strength Training 2****U 1**

This course is designed to expand on the principles of wellness, exercise behavior, and conditioning learned during KNSFHP 1148.04 Strength Training. This section will focus primarily on more advanced strength training practice and programming as it relates to these principles and will also promote the importance of physical activity when improving an individual's health and quality of life.

Prereq: 1148.04.

Spring 2026 Semester**1169.16 Way of the Saber****U 1**

This course will provide students with beginning level knowledge and skills in Fantasy Laser Sword (Saber) training. As a result, students will improve their general physical fitness and skill performance. Principles, techniques, safe practices, and strategies of Laser Sword (Saber) combat will be taught throughout the course. This course is strictly for beginners.

Spring 2026 Semester**1171.02 Pickleball 2****U 1**

This course is designed to provide students with the intermediate skills to successfully participate in the game of pickleball. It will provide the knowledge of the history, rules, and more complex strategies of the game, as well as promote physical activity throughout the student's lifespan.

Prereq: 1171.

Law**LAW****Autumn 2025 Semester****7216 Public Company Corporate Governance****L 2**

This two-credit course provides an in-depth examination of topics in corporate governance through the analysis of real-world case studies.

Autumn 2025 Semester**8540 HR Compliance (MSL)****G 3**

This MSL course introduces key compliance legislation relevant to U.S. workplaces along with the fundamental legal requirements for managing employees.

Prereq: Not open to JD students.

Spring 2026 Semester**8896.84 Academic Freedom****L 2**

In this course, students will learn about the constitutional protections for academic freedom and consider those protections in light of state restrictions on universities such as Ohio SB1.

Autumn 2025 Semester**8896.85 Topics in Disability Law and Policy****L 2**

This seminar will focus on a wide variety of important legal and policy issues involving disabled people in America.

Molecular, Cellular, and Developmental Biology**MCDBIO**

Autumn 2025 Semester**8999 Dissertation Research****G 1 - 16**

Research credit for PhD students enrolled in the Molecular, Cellular, and Developmental Biology Program.

Prereq: Enrollment in the MCDB PhD Program. Repeatable to a maximum of 50 cr hrs or 12 completions. This course is graded S/U.

Mechanical Engineering**MECHENG****Spring 2026 Semester****5775.02 Applied Machine Learning for MAE and Robotics****U G 3**

Classical and modern methods of machine learning with specific applications to mechanical and aerospace engineering, and robotics.

Prereq: Math 2177 or 2174, or 2415 and 2568; and Physics 1250, 1250H, 1260 or 2300; and CSE 1221, 1222, Engr 1181.xx, 1281.01H, 1281.02H, 1221 or 1222; and AeroEng 3581, MechEng 2850.xx or 5463; or Grad standing in Engineering. Not open to students with credit for MechEng 5775.01, CSE 5523, ECE 4194.02, or 7868.

Molecular Genetics**MOLGEN****Spring 2026 Semester****2500.01 Introductory Genetics****U 3**

This course provides an introduction to basic genetic principles including inheritance, molecular genetics, regulation of genetic information, genetic technology, and population genetics with a focus on real world applications. Through the use of special topic and case studies you will ground this knowledge in real world societal concerns including human health, agriculture, and biotechnology.

Pereq: Biology 1101, 1102, 1110, 1112, 1113.xx, or 1113H. Not open to students with credit for 4500.xx, 4500E, or 4606.

Music**MUSIC****Spring 2026 Semester****6885 Historical Methods for Studying the Performing Arts****G 3**

This course takes a hands-on approach to accessing and interpreting performing arts of the past. We will use a variety of primary sources, including written and audio sources from archives, newspapers and other media. We will become familiar with old and new methods historians now use for analyzing and showcasing their data, including digital humanities strategies and tools.

Prereq: Grad standing.

Near Eastern Languages and Cultures**NELC****Spring 2026 Semester****3804 Culture and Society in Ancient Egypt****U 4**

In this 4-credit-hour research intensive course, students will develop an advanced understanding of how cultural traditions and transformations over time impacted the daily lives of the ancient Egyptians. Topics include the land of Egypt and its people, art and writing, international relations, women and children, religion and ritual, the legacy of ancient Egypt and more.

GE theme traditions, cultures, and transformations course, High-Impact Practice Research and Creative Inquiry.

Neuroscience Undergraduate Major**NRO****Autumn 2025 Semester****1100 Neuroscience Survey****U 1**

Introduces students to the Neuroscience curriculum, explores degree requirements, develops a personalized academic/vocational plan, aids in professional development, familiarizes students with academic resources and support services, and establishes a relationship with an academic advisor.

Prereq: Enrollment as a Full or Pre-Major in the Neuroscience Undergraduate Program; or permission of instructor. Not open to students with credit for NRO 1100H, Neurosc 1100 or 1100H.

Autumn 2025 Semester

1100H Neuroscience Honors Survey

U 1

Introduces students to the Neuroscience curriculum, explores degree requirements, develops a personalized academic/vocational plan, aids in professional development, familiarizes students with academic resources and support services, and establishes a relationship with an academic advisor.

Prereq: Honors standing; and enrollment as a Full or Pre-Major in the Neuroscience Undergraduate Program; or permission of instructor. Not open to students with credit for Neurosc 1100 or 1100H.

Spring 2026 Semester

3191 Internship in Neuroscience

U 1 - 10

Provides neuroscience majors with an opportunity to intern in a professional setting to integrate academic knowledge with experience in the world of work. Maximum 3 credit hours from any combination of approved 4998, 3191, and/or 3193 may be applied to the undergraduate neuroscience major.

Prereq: 1100 or 1100H; and GPA 2.8 or above; and Neuroscience Major; and permission of instructor.

Spring 2026 Semester

4998 Undergraduate Research in Neuroscience

U 1 - 7

Supervised collaborative research in neuroscience.

Prereq: Permission of instructor. Repeatable to a maximum of 7 cr hrs or 7 completions. This course is graded S/U.

Public Health

PUBHLTH

Spring 2026 Semester

3189.05 Field Experience in Global Public Health: Costa Rica

U 2

This course provides a basic introduction to global public health and provides a field experience to compare the social, medical, and community health offerings in Costa Rica in contrast to the United States.

Prereq: GE foundation writing and info literacy course; and GPA 2.5 or above; and Jr or Sr standing. This course is graded S/U.

Spring 2026 Semester

6189.05 Field Experience in Global Public Health: Costa Rica

G 2

This course provides a basic introduction to global public health and provides a field experience to compare the social, medical, and community health offerings in Costa Rica in contrast to the United States. Completion of two (2) semesters of graduate education required.

Prereq: 6001 and 6002; and GPA 3.0 or above. This course is graded S/U.

Slavic Languages and Literatures

SLAVIC

Spring 2026 Semester

3370 Cultures of Manufacturing: Environments of Industrial Production in the Czech Lands

U 4

This course focuses on the impact of industrial modernity on human culture through an environmental lens. How does manufacturing labor create changing environments that determine the interaction between humans?from the workplace to society at large? We study these questions through the lens of culture, in workshops, and during a week-long study abroad in Czechia.

GE theme lived environments course, High-Impact Practice Global and Intercultural Learning: Abroad, Away, or Virtual.

Teaching and Learning Education

TLED

Autumn 2025 Semester**3300 Walt Disney, the Fairy Tale Tradition, and American Childhood****U 3**

This course explores the origins and evolution of Disney's fairy-tale films, analyzing their enduring popularity among generations of young audiences. It examines how these films influence storytelling perceptions and experiences. Through critical analysis, the course also considers the original fairy tales, delving into their literary, cultural, and historical contexts, as well as the dynamic.

GE foundation lit, vis and performing arts course.

Ukrainian**UKRAIN****Autumn 2025 Semester****1101 Elementary Ukrainian I****U 4**

In this course you will learn the basic skills necessary for communication in Ukrainian (speaking, listening, reading, and writing). By the end of this course, you will be able to carry on basic conversations in Ukrainian on many topics from your daily life, write notes and simple letters, keep a journal, and read basic texts.

Credit available by exam. GE world languages course.

Autumn 2025 Semester**1102 Elementary Ukrainian II****U 4**

In this course you will continue to learn the basic skills necessary for communication in Ukrainian (speaking, listening, reading, and writing). By the end of this course, you will be able to carry on basic conversations, write notes and simple letters, read basic texts, and become a skilled language learner.

Prereq: 1101; or permission of instructor. Credit available by exam. GE world languages course.

Autumn 2025 Semester**1103 Intermediate Ukrainian I****U 4**

In this course you will learn skills at an intermediate level necessary for communication in Ukrainian (speaking, listening, reading, and writing). In addition to becoming a proficient speaker of Ukrainian, we hope that you will become a skilled language learner and develop a curiosity about and love for Slavic cultures.

Prereq: 1102; or permission of instructor. Credit available by exam. GE world languages course.

Autumn 2025 Semester**2104 Intermediate Ukrainian II****U 4**

In this course you will have the opportunity to take control of your language learning and develop greater language proficiency. Classroom activities will help you become acquainted with more sophisticated grammar and vocabulary. However, dedicated study outside class will be what most helps you master language concepts and increase your ease of speaking, listening, writing, and comprehending.

Prereq: 1103; or Ukrainian Seal of Biliteracy; or permission of instructor. Credit available by exam.

Women's, Gender, and Sexuality Studies**WGSST****Spring 2026 Semester****2002 Working 9 to 5: Becoming a Feminist Professional****U 1**

This seven-week course introduces students to feminist perspectives on the workplace, professionalism, leadership, and labor. Throughout the course, we will explore and conceptualize what it means to be a feminist professional through history and theory. This will include investigating the ways that social categories like gender, race, ability, sexuality, gender identity, and class interconnect.

Spring 2026 Semester**2003 Shattering the Glass Ceiling: An Introduction to the Field of WGSS****U 1**

This course offers an introduction and general overview of the field known as women's, gender and sexuality studies (WGSS). The course is designed to provide students from diverse backgrounds and majors with a basic understanding of the debates and perspectives discussed in the field of WGSS.

Autumn 2025 Semester**2006 American Civics: Freedom, Democracy, and Struggle****U 3**

This course examines American civic traditions from an interdisciplinary perspective. We will investigate the conceptual and historical roots of key texts, alongside their impacts and ongoing legacies in the United States and beyond. Key themes include: the contested relationships among church, state, and economy; debates over the meaning of democracy and citizenship; competing notions of progress.

Prereq: Not open to students with credit for AfAmASt 2006 or CompStd 2006. Cross-listed in AfAmASt and CompStd.

Remove from Limbo

Business Admin: Management & Human Rsrcs**BUSMHR****Spring 2026 Semester****4530 Social Entrepreneurship****U 3**

Developing a business plan in social entrepreneurship.

Prereq: 3510; or permission of instructor. Not open to students with credit for 5530.

Chinese**CHINESE****Spring 2026 Semester****7384 Chinese Syntax****G 3**

The syntactic structure of modern (Mandarin) Chinese; related topics such as syntax-semantics interface.

Prereq: 6380; or permission of instructor.

Spring 2026 Semester**8471 Traditional Chinese Poetry****G 3**

Lectures and readings from ancient odes and songs and the later shi and ci poetry.

Prereq: 6451, or 6452, or permission of instructor. Not open to students with credit for 871.

Consumer Sciences: Consumer&Family Financial Servs**CSCFFS****Autumn 2025 Semester****4130 Consumer Decision Making II****U 3**

Theory and practice of rational consumer decision making under uncertainty with application to decision-making of oneself and for clients.

Prereq: CONSCI 3930, and Econ 2001.01; and Stat 1350, or 1430, or 1450.

East Asian Languages and Literatures**EALL****Spring 2026 Semester****3446 Asian American Film****U 3**

Introduction to Asian American cinema from the 1960s to the present, including documentaries, feature films, and experimental films.

Prereq: Not open to students with credit for 346. GE VPA course. GE foundation lit, vis and performing arts course.

History of Art**HISTART****Spring 2026 Semester****5822 Japanese Art: Painting and Prints****U G 3**

Selected topics in the history of Japanese pictorial art and related subjects.

Prereq: Soph standing. Not open to students with credit for 682.

History

HISTORY

Autumn 2025 Semester

3310 History of African Cinema

U 3

Emergence and development of African cinema as a film genre and part of material culture. European colonial and ethnographic film to modern African cinema. Sometimes this course is offered in a distance-only format. Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for AfAmASt 3320. GE historical study and diversity global studies course. Cross-listed in AfAmASt 3320.

Japanese

JAPANESE

Spring 2026 Semester

5104.01 Level Five Japanese II: Classroom Track

U G 3

Continuation of 5103.01. Classroom Track. Students must register for and complete 3 units during the semester. Sp Sem. Prereq: 5103.01. Not open to students with credit for 5104.01, 711.01, or 712.01. FL Admis Cond course.

Spring 2026 Semester

7388 Japanese Language Acquisition

G 3

Discussion of Japanese language acquisition studies. Prereq: 6380, or permission of instructor. Not open to students with credit for 788.

Law

LAW

Spring 2026 Semester

6925 Lawyers and Democracy's Defense

L 1 - 2

This LP3 course asks how lawyers and courts are important to democracy, what history can tell us about lawyers' role in the maintenance of democracy, and what lawyers can do to sustain democracy. This course is graded S/U.

Linguistics

LING

Spring 2026 Semester

8100 Seminar in Phonetics

G 1 - 3

Study of specific problems in articulatory and acoustic phonetics at an advanced level. Prereq: 5101 (Linguist 600.01). Repeatable to a maximum of 18 cr hrs.

Mathematics

MATH

Summer 2025 Term

1161.01 Accelerated Calculus I

U 5

Differential and integral calculus of one real variable. Intended for students having prior experience with calculus.

Prereq: Math Placement Level L, and previous calculus experience. Not open to students with credit for any Math course numbered 1152 or above, or for the quarter-system Math courses 151.xx and 152.xx, or for any quarter-system course numbered 162 or above. GE quant reason math and logical anyl course. GE foundation math and quant reasoning or data anyl course.

Summer 2025 Term

2162.01 Accelerated Calculus II

U 5

Vectors, multivariable calculus, integral theorems.

Prereq: A grade of C- or above in 1161.xx, 1181H, or 4181H. Not open to students with credit for semester Math course above 2162.01, or for any quarter Math course numbered 254.xx or above.

Music**MUSIC****Autumn 2025 Semester****4602.34 Applied Music - Principal - Double Bass****U 4**

Advanced double bass instruction to develop professional qualities of musicianship, technique and literature.
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.

Psychology**PSYCH****Spring 2026 Semester****2389 Career Exploration in Psychology****U 3**

Designed for psychology majors to explore career paths of interest, as well as facilitate vocational development and acquisition of career search skills. Credit does not apply to hours in the psychology major.
Prereq: 1100 (100) or 1100H (100H), and enrollment in Psych major. Not open to students with credit for 389.

Update Course

Agricultural Communication, Education & Leadership**ACEL****Spring 2026 Semester****8855 Research Methods and Design****G 3**

This course is designed to establish a culture of scholarship among students through the exploration of social and behavioral science research methods. This course provides an overview of different types of quantitative research methods and design, qualitative and mixed methods approaches, and the basics of interpreting statistics and relational research.

African American and African Studies**AFAMAST****Autumn 2025 Semester****3084 Citizens Behind Bars****U 3**

Every day more human beings are locked inside of jails, prisons, or secured facilities across the United States than in any other country on the planet. This course explores the history of citizenship in captivity and the legacy of liberatory movements led by incarcerated citizens in the US from the era of settler colonization and slavery to the present age of mass incarceration.
Prereq: Not open to students with credit for History 3084 or WGSSt 3084. GE theme citizenship for div and just wrld course. Cross-listed in History and WGSSt.

Arts and Sciences**ARTSSCI**

Autumn 2025 Semester

1200 Designing Your Life

U 1

Craft your future with Design Thinking! Discover yourself, your goals, and your path. This course will help you think about what you want out of life, based on your interests, strengths, and values. Explore your college purpose, feel confident about your major, and craft a strong preliminary post-graduation plan.

Prereq: Enrollment in an Arts and Sciences major or minor. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.

Autumn 2025 Semester

2000 Designing Your Career Experience

U 1

Are you unsure about whether an internship is right for you? Do you know how to find career-building opportunities (like internships) that align with your values and goals? Are you considering graduate school, but not sure how to prepare? This course provides you with practical tools, resources, and strategies to get the most out of any career-building opportunity.

Prereq: Fresh or Soph standing; and enrollment in an Arts and Sciences major or minor. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.

Autumn 2025 Semester

3000 Designing Your Life After College

U 2

Could you use help creating a thoughtful career plan? This course connects you directly with career resources, tools, and mentors, and helps you identify the skills or experiences you need to be competitive in the world of work. You will complete a micro-internship, industry-specific course, or certification that will give you the competitive edge you need to break into your field of interest.

Prereq: Jr or Sr standing; and enrollment in an Arts and Sciences major or minor. Repeatable to a maximum of 4 cr hrs.

Autumn 2025 Semester

4000 Designing Your Career Launch

U 2

Are you getting ready to graduate and wondering how to make meaning of your time at Ohio State? This course helps you reflect upon your time in college and connect it to your post-graduation plans. You will also directly connect with OSU alumni and industry partners to network and provide consultation services to their fields, thus earning academic credit for a micro-internship experience.

Prereq: Jr or Sr standing; and enrollment in an Arts and Sciences major or minor. Repeatable to a maximum of 4 cr hrs.

Aviation

AVIATN

Spring 2026 Semester

2101 Private Pilot Flight Lab I

U 2

The first course in a series of two courses that culminate in the attainment of a private pilot certificate with airplane single engine land privileges. An application and orientation process is required before enrollment. This is an RATP approved course.

Prereq: A grade of B- or above in AVIATN 2100, CPHR of 2.0 or above, FAA pilot medical third class or higher; and permission of instructor.

Spring 2026 Semester

2102 Private Pilot Flight Lab II

U 2

The second course in a series of two courses that culminate in the attainment of a private pilot certificate with airplane single engine land privileges. This is an RATP approved course.

Prereq: 2101.

Spring 2026 Semester

2501 Commercial Cross Country Flight Lab

U 2

Course country flights designed to meet the requirements of the commercial pilot certificate. This is an RATP approved course.

Prereq: A grade of B- or above in Aviatn 2102; CPHR of 2.0 or above; FAA pilot medical third class or higher; and instructor permission - OR - Aviatn 2100; private pilot license; and instructor permission.

Spring 2026 Semester

2900 Air Traffic Control Fundamentals

U 3

This course is an in-depth examination of the role and function of the Air Traffic Control environment as it relates to operations and pilot communications within the National Airspace System (NAS). This is an RATP approved course.

Prereq: 2100 and 2300; or permission of instructor.

Spring 2026 Semester

3000 Aviation Management and Marketing

U 3

Consideration of management and marketing concepts and models. Analysis of management and marketing strategies and practices in the aviation industry.

Prereq: 2000; and 2100 or 2150; and 2200.

Spring 2026 Semester

3100 Instrument Flight Fundamentals

U 3

Study of flight by reference to instruments, IFR regulations, and procedures in the National Airspace System. This is an RATP approved course.

Prereq: B- or above in Aviatn 2102 or 3900; or permission of instructor.

Spring 2026 Semester

3101 Instrument Flight Lab

U 3

Instrument flight operations, navigation, patterns, maneuvers, regulations, approach protocols, and cross country flight planning and execution. This is an RATP approved course.

Prereq: A grade of B- or above in Aviatn 2501; a grade of B- or above in 3100; CPHR of 2.0 or above; FAA pilot medical third class or higher; and permission of instructor.

Biology

BIOLOGY

Spring 2026 Semester

3501.02 Integrative Skills in Biology: Disease Vectors

U 3

A vector-borne disease themed integrative approach to fundamental skills enhancement in the life sciences.

Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Spring 2026 Semester

3501.03 Integrative Skills in Biology: Symbiosis

U 3

A symbiosis themed integrative approach to fundamental skills enhancement in the life sciences.

Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Spring 2026 Semester

3501.04 Integrative Skills in Biology: Biotechnology

U 3

A biotechnology themed integrative approach to fundamental skills enhancement in the life sciences.

Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Spring 2026 Semester**3501.05 Integrative Skills in Biology: Rise of Resistance****U 3**

An evolution of resistance themed integrative approach to fundamental skills enhancement in the life sciences.
Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Spring 2026 Semester**3501.06 Integrative Skills in Biology: Biology of Aging****U 3**

A biology of aging themed integrative approach to fundamental skills enhancement in the life sciences.
Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Spring 2026 Semester**3501.07 Integrative Skills in Biology - Adaptation and Evolutionary Response at Multiple Scales****U 3**

An adaptation and evolutionary response themed integrative approach to fundamental skills enhancement in the life sciences.
Prereq: 1113.xx, 1113E, or 1113H; and 1114.xx, 1114E, or 1114H; and Chem 1220, 1620, or 1920H; or permission of instructor. Not open to students with credit for 3401 or 3501.xx.

Biomedical Engineering**BIOMEDE****Spring 2026 Semester****2000 Introduction to Biomedical Engineering****U 3**

Fundamentals in biomedical engineering with emphasis on problem-solving, design process, and societal/ethical impact.
Prereq: Math 1172 or 2153; and Engr 1182.xx or 1282.xx; and Chem 1220; and Physics 1250 or 1260; and enrollment in the BiomedE major or pre-major. Concur: Biology 1113; and MechEng 2040; and Math 2173 or 2568.

Autumn 2025 Semester**2700 Numerical Simulations in BME****U 2**

Focuses on the application of computer-based numerical and graphical display skills for solving problems relevant to biomedical engineering.
Prereq: 2000; and enrollment in BiomedE major; or permission of instructor. Concur: Math 2174 or 2415; or permission of instructor.

Business Admin: Finance**BUSFIN****Autumn 2025 Semester****4213 Corporate Restructuring and Bankruptcy****U 3**

Corporate finance theories as they relate to spinoffs, restructuring, and bankruptcy.
Prereq: 4211 and 4221.

Autumn 2025 Semester**4412 Real Estate Law****U 3**

Basic legal aspects of property contracts, transactions, and environmental law.
Prereq: 3220, 3400, 3500, BusOBA 2320 ,2321, and BusMHR 2292.

Business Admin: Management & Human Rsrcs**BUSMHR****Spring 2026 Semester****4021 International Business Institutions****U 3**

Major international institutions and the role they play in international business and commerce.
Prereq: 2000.

Civil Engineering

CIVILEN

Spring 2026 Semester

3160 Water Resources Engineering

U 3

Pipe systems, introduction to open channel flow, basic hydrology, demographic studies, water supply, and wastewater flows.

Components: LEC LAB

Prereq: 3130; and CSE 1222, 1223, 1224, Engr 1221 or Engr 1281.xxH; and enrollment in CivilEn or EnvEng major; or permission of instructor.

Comparative Studies

COMPSTD

Autumn 2025 Semester

4597.02 Global Culture

U 3

Campus: COL LMA
MNS MRN NWK WST

Engaging with the Migration, Mobility, and Immobility Theme, this course examines contemporary global cultural flows, the concepts useful in analyzing them, and the questions they raise about power and cultural change, focusing on concepts that may include but are not limited to empire, slavery, capitalism, decolonization, nationalism, labor, tourism, and media. Specific topics vary by instructor.

Prereq: English 1110.xx, or GE foundation writing and info literacy course. GE diversity global studies and cross-disciplinary seminar course. GE theme migration, mobility, and immobility course.

Dentistry

DENT

Spring 2026 Semester

6545 Oral Radiology II

D 1

This interpretation course is designed to teach students how to accurately analyze and describe conditions viewed on intraoral and extraoral images. The focus of this course is to improve the student's ability to interpret various dental conditions, such as caries, periodontal disease, trauma, and developmental anomalies, as well as bone pathology, cysts and tumors of the jaws.

Prereq: Enrollment in DDS program.

English

ENGLISH

Autumn 2025 Semester

2176 Rhetorics of Race, Ethnicity, and Gender

U 3

In this course students study the basic elements of rhetoric and rhetorical representations of various historically constituted categories, including race, gender, and ethnicity, and use rhetoric as a lens for examining messages about race, gender, and ethnicity. Students analyze the ways that these categories are rhetorically constructed and the material consequences of those constructions.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE foundation race, ethnicity and gender div course.

Autumn 2025 Semester

2201 Selected Works of British Literature: Medieval through 1800

U 3

An introductory critical study of the works of major British writers from 800 to 1800.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2201H. GE lit and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2201H Selected Works of British Literature: Medieval through 1800

U 3

An introductory critical study of the words of major British writers from 800 to 1800.

Prereq: Honors standing; English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2201. GE lit and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2202 Selected Works of British Literature: 1800 to Present

U 3

An introductory critical study of the works of major British writers of the 19th and 20th centuries.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2202H. GE lit and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2202H Selected Works of British Literature: 1800 to Present

U 3

An introductory critical study of works of major British writers of the 19th and 20th centuries.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for English 2202. GE lit and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2220 Introduction to Shakespeare

U 3

Study of selected plays designed to give an understanding of drama as theatrical art and as an interpretation of fundamental human experience.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2220H. GE lit and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2220H Introduction to Shakespeare

U 3

Study of selected plays designed to give an understanding of drama as theatrical art and as an interpretation of fundamental human experience.

Prereq: Honors standing; and English 1110.xx, or GE foundation writing and info literacy course. Not open to students with credit for 2220. GE lit course and diversity global studies course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2221 Introduction to Shakespeare, Race, and Gender

U 3

This course explores the historical roots of our ideas about race and gender by way of Shakespeare and the culture in which he wrote. Students will learn how Shakespeare's formulations of issues of race and gender are products of a time when both categories were undergoing significant conceptual development and how Shakespeare's ways of imagining this turbulence continues to resonate today.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE foundation race, ethnicity and gender div course.

Autumn 2025 Semester

2260 Introduction to Poetry

U 3

Designed to help students understand and appreciate poetry through an intensive study of a representative group of poems.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2260H. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2260H Introduction to Poetry

U 3

Designed to help students understand and appreciate poetry through an intensive study of a representative group of poems.

Prereq: Honors standing; and English 1110.xx or GE foundation writing and info literacy course. Not open to students with credit for 2260. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2261 Introduction to Fiction

U 3

Examination of the elements of fiction -- plot, character, setting, narrative, perspective, theme, etc. -- and their various interrelations; comparisons with nonfictional narrative may be included.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2261H. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2262 Introduction to Drama

U 3

A critical analysis of selected dramatic masterpieces from Greek antiquity to the present, designed to clarify the nature and major achievements of Western dramatic art.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2263 Introduction to Film

U 3

Introduction to methods of reading film texts by analyzing cinema as technique, as system, and as cultural product.

Prereq: English 1110.xx, or GE foundation writing and info literacy course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2269 Digital Media Composing

U 3

A composition course in which students analyze and compose digital media texts while studying complex forms and practices of textual production.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE VPA course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2270 Introduction to Folklore

U 3

A general study of the field of folklore including basic approaches and a survey of primary folk materials: folktales, legends, folksongs, ballads, and folk beliefs.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2270H, CompStd 2350, or 2350H. GE cultures and ideas course. GE foundation historical and cultural studies and race, ethnicity and gender div course. Cross-listed in CompStd 2350.

Autumn 2025 Semester

2270H Introduction to Folklore

U 3

A general study of the field of folklore including basic approaches and a survey of primary folk materials: folktales, legends, folksongs, ballads, and folk beliefs.

Prereq: Honors standing, and English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2270, CompStd 2350, or 2350H. GE cultures and ideas course. GE foundation historical and cultural studies and race, ethnicity and gender div course. Cross-listed in CompStd 2350H.

Autumn 2025 Semester

2276 Arts of Persuasion

U 3

Introduces students to the study and practice of rhetoric and how arguments are shaped by technology, media, and cultural contexts.

Prereq: English 1110.xx, or GE foundation writing and info literacy course. GE cultures and ideas course. GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

2280 The English Bible

U 3

The Bible in English translation, with special attention to its literary qualities, conceptual content, and development within history.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2280H. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2280H The English Bible

U 3

The Bible in English translation, with special attention to its literary qualities, conceptual content, and development within history.

Prereq: Honors standing; and English 1110.xx or GE foundation writing and info literacy course. Not open to students with credit for 2280. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2281 Introduction to African-American Literature

U 3

A study of representative literary works by African-American writers from 1760 to the present.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for AfAmAST 2281. GE lit and diversity soc div in the US course. GE foundation lit, vis and performing arts and race, ethnicity and gender div course. Cross-listed in AfAmAST.

Autumn 2025 Semester

2290 Colonial and U.S. Literature to 1865

U 3

Introductory study of significant works of U.S. literature from its Colonial origins to 1865.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE lit course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2367.02 Literature in the U.S. Experience

U 3

Discussion & practice of the conventions, practices, & expectations of scholarly reading of literature & expository writing on issues relating to diversity within the U.S. experience.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 2367.02H. GE writing and comm: level 2 and lit (BS only) and diversity soc div in the US course.

Autumn 2025 Semester

2367.04 Technology and Science in the U.S. Experience

U 3

Explores how technological changes impact our culture & relationships; students build & expand skills in rhetorical analysis & composition through experimentation with new forms of communicating.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE writing and comm course: level 2.

Autumn 2025 Semester

2367.05 Writing About the U.S. Folk Experience

U 3

Concepts of American folklore and ethnography; folk groups, tradition, and fieldwork methodology; how these contribute to the development of critical reading, writing, and thinking skills in the context of lived environments.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE writing and comm: level 2 and diversity soc div in the US course. GE theme lived environments course.

Autumn 2025 Semester

2367.06 Writing about Disability

U 3

Students will critically examine writing about disability, health, and wellness from a variety of genres (scholarly essays, personal essays, documentaries, comics, music, film) and use their findings to produce creative, scholarly, and professional documents appealing to multiple audiences and rhetorical situations.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE writing and comm: level 2 and diversity soc div in the US course. GE theme health and well-being course.

Autumn 2025 Semester

2367.08 The U.S. Experience: Writing About Video Games and Virtual Worlds

U 3

Emphasizes persuasive and researched writing, revision, and composing in various forms and media. Focusing on digital literacy, development of critical thinking skills and skill in producing analytical prose, students explore key conversations in the field of game studies and analyze a variety of types of video game writing. No prior knowledge of video games or game studies is required.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE writing and comm course: level 2. GE theme lived environments course.

Autumn 2025 Semester

2381 Introduction to the Black Atlantic

U 3

The term 'Black Atlantic' describes encounters between Africans, Europeans, and Americans that have shaped our modern world: its politics, its literature, its art, and its economics. This class examines the literature of these encounters and relevant media in visual art and cinema depicting enslavement of Africans and resistance to slavery, racism, and the politics of white supremacy.

Prereq: 1110. GE foundation race, ethnicity and gender div course.

Autumn 2025 Semester

2463 Introduction to Video Games Analysis

U 3

Campus: COL LMA
MNS MRN NWK WST

An introduction to humanities-based methods of analyzing and interpreting video games in terms of form, genre, style, and theory. No background in video game play is necessary. All students will have regular opportunities for hands-on experience with different game types and genres in both the computer-based classroom and the English Department Video Game Lab.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE VPA course.

Autumn 2025 Semester

2464 Introduction to Comics Studies

U 3

Study of sequential comics and graphic narrative and the formal elements of comics, how word and image compete and collaborate in comics to make meaning and how genre is activated and redeployed. Students analyze comics texts, articulate and defend interpretations of meaning and learn about archival research at OSU's Billy Ireland Cartoon Library and Museum. No background in comics is required.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE VPA course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

2581 Introduction to U.S. Ethnic Literatures and Cultures

U 3

This course provides a broad survey of literature produced by and about the major racial groups in the United States, examining how social movements of the 1960s and 70s led to the emergence of ethnic studies in higher education and how the literature addresses a wide range of historical events and political processes that have constructed racial differences and hierarchies in the U.S.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE foundation race, ethnicity and gender div course.

Autumn 2025 Semester

3000 Writing for Social Change

U 3

In this course we will use academic writing and research practices across various forms of media to investigate the role of citizenship historically and currently, exploring the ways that we as citizens can work towards a more just and diverse society. We will develop a definition of citizenship that emphasizes a citizen's relationship to their local, national, and global environments.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

3011.01 Digital Activism

U 3

This course is both critical and creative. Students will tinker with digital media tools and think about digital media and social change and citizenship within a rich and safe environment, investigating and experimenting with the consequences of humans' relationships with digital media; studio days will afford hands-on guidance in mobilizing digital media for the purpose of protest and activism.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

3011.02 Social Media Rhetoric

U 3

This course examines the everyday rhetoric of social media, focusing on how people use social media to engage in the public sphere, to form communities, and to encounter other political, cultural, and global communities.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

3019 The Language of Place: Interpreting our Surroundings

U 3

This is a course in the rhetorical theory and analysis of space and place as meaningful human product. Students examine the rhetorical purpose and effect of space and place as concept or idea, specific location, as metaphor, metonym, or icon, as local marker or national or global landmark, and learn to appreciate how the visuo-spatial experience of places and spaces profoundly impacts our lives.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme lived environments course.

Autumn 2025 Semester

3020 Writing About Sustainability

U 3

This course asks students to consider their place in the natural world by conducting primary and secondary research, analyzing data, composing and revising written arguments, and becoming more proficient with the conventions of academic discourses. We will employ rhetorical theory as one approach to engage in advanced, in-depth, and scholarly investigations about sustainability.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme sustainability course.

Autumn 2025 Semester

3022 Media Sustainability

U 3

This course explores the sustainability of digital media infrastructure and its impact on the environment as well as the social and cultural effects of the web, analyzing the ecological impacts of producing and maintaining digital devices and the internet, the human cost of modern manufacturing practices, and the social and cultural upheavals caused by digital computing and networking.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme sustainability course.

Autumn 2025 Semester

3031 Rhetorics of Health, Illness, and Wellness

U 3

Students examine rhetorical concepts and how rhetorical devices construct our understanding of our bodies, health and wellness. Students learn how power structures and ideologies enable commonplace rhetorical devices to structure normative beliefs about bodies, health, and wellness and how rhetoric shapes perceptions of health and wellness and makes and unmakes healthy bodies, including your own.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme health and well-being course.

Autumn 2025 Semester

3110 Citizenship, Justice, and Diversity in Literatures, Cultures, and Media

U 3

Since the beginning of the modern nation state, cultural texts (poems, novels, films, pamphlets, zines, short stories, advertisements, comics, etc.) have been the essential medium through which the discourse of citizenship has been developed, constructed, refined, and debated. In this course student examine a range of literary periods, genres, and media focused on citizenship and social justice.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

3161 Drug Use & Addiction in Literature

U 3

Students will read fiction, poetry, memoirs, songs, comics, and films that portray drug use and addiction. Through literature students will discover the history of the human experience with substance use and abuse, and learn how literary texts provide human beings with unique tools to describe, explain, and analyze the complicated relationship between people and drugs.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme health and well-being course.

Autumn 2025 Semester

3260 Poetry and Transformation

U 3

This course will study poetry as a form that offers a particular way of engaging with both the self and the world. Students will explore poetry across multiple media and from different places and times.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme traditions, cultures, and transformations course.

Autumn 2025 Semester

3262 Adaptation and Literature

U 3

Students will study adaptations across media forms (text, film, comic, radio, video game, podcast, etc.) in order to analyze the relationship between form and content, medium and theme, style and substance.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme traditions, cultures, and transformations course.

Autumn 2025 Semester

3264 Monsters Without and Within

U 3

Storytellers have long used monsters not only to frighten us but also to jolt us into thinking deeply about ourselves, others, and the world we live in. This course examines how various horror genres use monsters to explore issues of wellbeing and citizenship, and debates about race, gender, sexual orientation, mental health, social justice, and personal responsibility.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme citizenship for div and just wrld and health and well-being course.

Autumn 2025 Semester

3271 Structure of the English Language

U 3

Students learn basic characteristics of English linguistics focusing on the basic building blocks of language; the sounds of English and how they are put together, word formation processes, and rules for combining words into utterances/sentences. Students investigate and explore linguistic variation, accents of American English, and the implications of language evaluation in educational settings.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for 4570 or 2271. GE cultures and ideas course. GE foundation historical and cultural studies course.

Autumn 2025 Semester

3304 Business and Professional Writing

U 3

The study of principles and practices of business and professional writing.

Prereq: English 1110.xx; or GE foundation writing and info literacy course.

Autumn 2025 Semester

3305 Technical Writing

U 3

Study of principles and practices of technical writing. Emphasis on the style, organization, and conventions of technical and research reports, proposals, memoranda, professional correspondence, etc..

Prereq: English 1110.xx; or GE foundation writing and info literacy course.

Autumn 2025 Semester

3331 Thinking Theoretically

U 3

Study of fundamental texts and practices informing contemporary understandings of theory in the humanities and social sciences.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for ArtsSci 3331.

Autumn 2025 Semester

3340 Reimagining Climate Change

U 3

The course focuses on literature and media (fiction, non-fiction, film, video games, comics) that discuss the broad issue of climate change and the long relationship between humans and the environment.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme sustainability course.

Autumn 2025 Semester

3350 Time & Space Travel in Science Fiction

U 3

This course will focus on a classic trope in science fiction: traveling to imaginary lands and times. Travel has allowed writers to reimagine human relationships to lived environments by inviting comparisons between the past and present, between the here and there.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme lived environments course.

Autumn 2025 Semester**3360 Ecopoetics****U 3**

'Ecopoetics' is a thematic literature course focused on interpretation and analysis of literary texts that represent interactions between humans and the natural world within specific cultural and historical settings, through a contextual examination of how human activity has impacted the environment, how social and natural systems interact, and the long-term impact of human choices.

Prereq: English 1110.xx; or GE foundation writing and info literacy course. GE theme lived environments course.

Engineering Technology (BS)**ENGRTEC****Autumn 2025 Semester****2200 Introduction to Robotics: Basic Operations & Programming****U 2**

Introduction to Robotics is a 2-credit course designed to teach students the basics of robotics in industrial automation, focusing on the role of an operator, technician, or engineer/programmer. Students will learn about various types and applications of industrial robots as well as the importance of robot safety.

Prereq: ENgr 1181.01; or Concur: CSE 1222 or CSE 1223. Not open to students with credit for 2100.

*Components: LEC LAB***Environment and Natural Resources****ENR****Spring 2026 Semester****1150 ENR Scholars Seminar****U 1**

This seminar course is designed for first- and second-year ENR Scholars students to explore personal interests, interdisciplinary opportunities, campus and local community resources, and global and national issues related to the ENR Scholars program.

Prereq: Must be in ENR Scholars program. Repeatable to a maximum of 4 cr hrs.

Spring 2026 Semester**5649 Wildlife Conservation Policy****U G 3**

Overview of fish and wildlife policy in the US and key issues affecting wildlife conservation in North America.

Prereq: 3200; or Grad standing.

Educational Studies: Special Education**ESSPED****Autumn 2025 Semester****2251 Inclusive Citizenship: Understanding and Embracing Neurodiversity and Exceptionality****U 3***Campus: COL
MNS NWK*

This course examines how legal structures, practices, and perceptions related to neurodiversity and exceptionality contribute to our understanding of diverse experiences within and beyond education.

Enrollees will explore and analyze Special Education history, current issues and challenges, and research-based instruction that enhance inclusion and diversity within our schools.

Geography**GEOG****Autumn 2025 Semester****2200 Spatial Literacy: Visualizing our World through Mapping Space & Place****U 3**

This course introduces students to the power of maps in spatial representation and spatial literacy through the creation of thematic maps and analysis of descriptive statistics, probabilities, and hypothesis testing. students will utilize geographic information technology to create a variety of thematic maps which aid in critically evaluating issues present in our global society.

Prereq: Not open to students with credit for 2200.01. GE data only course. GE theme lived environments course.

History of Art**HISTART**

Spring 2026 Semester

4605 Aspects of Modernity

U 3

Explores questions of the distinctively "modern" in relation both to particular works of art and to various explicit reflections on broader cultural notions of modernity. The content will change with each offering.
GE VPA course. GE foundation lit, vis and performing arts course.

Autumn 2025 Semester

5901 Silent Cinema, 1895-1927

U G 3

A study of the development of silent film as an international art form.

History

HISTORY

Autumn 2025 Semester

2642 Global History 1500 to Present

U 3

Provides an overview of the history of the world from 1500 to the present day, chronicling how a world of subjects and empires became a world of states and citizens.
Prereq: Not open to students with credit for 1682. GE historical study and global diversity studies course.
GE theme citizenship for div and just wrld course.

Autumn 2025 Semester

2675 The Indian Ocean: Communities and Commodities in Motion

U 3

This course traces how people, goods, and ideas moved across the Indian Ocean world before 1500. Through shipwrecks, trade records, and travelers' accounts, we'll examine what enabled connections (monsoons, technologies) and what limited them (geography, social hierarchies). Students will analyze how these patterns of mobility and constraint shaped societies from East Africa to Southeast Asia.
GE historical study and diversity global studies course. GE theme migration, mobility, and immobility course.

Autumn 2025 Semester

3084 Citizens Behind Bars

U 3

Every day more human beings are locked inside of jails, prisons, or secured facilities across the United States than in any other country on the planet. This course explores the history of citizenship in captivity and the legacy of liberatory movements led by incarcerated citizens in the US from the era of settler colonization and slavery to the present age of mass incarceration.
Not open to students with credit for AfAmASt 3084 or WGSSt 3084. GE theme citizenship for div and just wrld course. Cross-listed in AfAmASt and WGSSt.

Autumn 2025 Semester

5081 Storytelling for Social Justice

U G 3

How do storytellers craft captivating narratives about tough topics most relevant to social justice issues? This seminar equips students with tools for creating community-engaged scholarship by exploring storytelling models championed by Black feminist scholars, community-based artists and educators, as well as oral historians, transformative justice activists, and imprisoned intellectuals.
Prereq or concur: Any 3000-level History course; or Grad standing; or permission of instructor.

Islamic Studies

ISLAM

Autumn 2025 Semester

3501 Traditions of Islam

U 3

This course explores the development of, and the dynamics behind, four traditions of Islam during its formative and classical periods (ca. 600-1200 AD): Islamic scriptural tradition, tradition of Islamic law and jurisprudence, tradition of Islamic politics and rulership, and the Islamic tradition of divinity. This course is conducted entirely in English.
Prereq: English 1110.xx; or GE foundation writing and info literacy course. Not open to students with credit for NELC 3501. GE cultures and ideas and diversity global studies course. GE theme traditions, cultures, and transformations course.

Italian

ITALIAN

Autumn 2025 Semester

3051 Italian Romances

U 3

This course familiarizes students with the adaptability and influence of romance storytelling, from its medieval foundations (King Arthur) to its continued popularity in different forms (fantasy, science fiction, romance novels). Students learn to identify how its themes inform how we ascribe value to some people(s) and deny it to others; and to evaluate how stories can imagine more just worlds.

Prereq: English 1110, or equiv. GE lit and diversity global studies course. GE theme traditions, cultures, and transformations course.

Landscape Architecture

LARCH

Spring 2026 Semester

5620 History/Theory II

U G 3

The history and theory sequence engages the disciplines of urban design, planning, and infrastructure, draws on architectural and art history, and discusses the cultural as well as the designed landscape. Readings and lectures focus on the modern period, from the mid 19th-century onward, and the forces that shaped our built environment.

Prereq: 5610; or permission of instructor.

Spring 2026 Semester

5620E History/Theory II

U G 3

The history and theory sequence engages the disciplines of urban design, planning, and infrastructure, draws on architectural and art history, and discusses the cultural as well as the designed landscape. Readings and lectures focus on the modern period, from the mid 19th-century onward, and the forces that shaped our built environment.

Prereq: Honors standing and 5610; or permission of instructor.

Moving Image Production

MVNGIMG

Autumn 2025 Semester

4191 Moving-Image Production Internship

U 1/2 - 12

Internships in film and media give students the opportunity to gain hands-on experience in an area of academic and professional interest. Permission to enroll is required from a faculty advisor, and the number of associated credit hours is calculated on contact hours in the internship.

Prereq: Permission of department. Repeatable to a maximum of 12 cr hours or 3 completions. This course is graded S/U.

Occupational Therapy

OCCTHER

Autumn 2025 Semester

7420 Leadership, Entrepreneurship, and Advocacy

G 4

Students will examine the social, economic, political, and demographic factors that shape OT service delivery in the U.S., along with the government structures that drive federal and state legislation and regulatory policies impacting practice. Leadership skills developed in this course will support students in advancing the OT profession, enhancing practice standards, and meeting client needs.

Prereq: Enrollment in the Doctorate in Occupational Therapy program.

Autumn 2025 Semester

7710 Capstone Exploration

G 1

This course will introduce the students to the doctoral capstone, both project and experience and help them develop the skills needed to create their individualized capstone. They will select the primary area of focus for the experience as well as their general topic of interest and learn about mentoring, self-directed learning, and leadership in innovative practice areas.

Prereq: 6740 and 7440. This course is graded S/U.

Autumn 2025 Semester

7721 Capstone Experience Preparation

G 1

This course will lead students through the process of creating their individualized capstone experience. Students will use principles of backward design to co-create their experience objectives and activities with their site mentors. By the end of this course, the students will have created an individualized evaluation with learning objectives and their outline of activities.

Prereq: Enrollment in the Clinical Doctorate of Occupational Therapy program. This course is graded S/U.

Pharmacy

PHR

Autumn 2025 Semester

8130 Foundations of Advanced Management and Leadership

G 1½

The purpose of this course is to equip students with skills and resources that will enable them to become effective managers and organizational leaders by igniting or fueling students' passion for leadership development. This course will delve into concepts of organizational behavior, management dilemmas, diversity, implicit bias, ethical conundrums, and change management.

Components: LEC

Prereq: Enrollment in MS in Health-System Pharmacy program; or permission of instructor.

Autumn 2025 Semester

8150 Systems Issues with Medication Safety

G 1½

This course enables the student to develop fundamental medication safety skills utilized by pharmacy leaders. Students are exposed to organizations which set standards and provide best practice recommendations for medication safety. Medication safety technology and tools are applied throughout the course.

Components: LEC

Prereq: Enrolled in MS in Health-System Pharmacy program; or permission of instructor. Prereq or Concur: 8160.

Autumn 2025 Semester

8190 Outpatient Pharmacy Practice

G 1½

This course provides students with an understanding of outpatient pharmacy practice, how to effectively engage with outpatient practitioners and their sites, and foundational skills necessary to lead and to manage outpatient pharmacy practice.

Prereq: Enrollment in the MS-HSPAL program; or permission of instructor.

Plant Pathology

PLNTPTH

Spring 2026 Semester

3920 Psychedelic Studies: Neurochemistry, Plants, Fungi, and Society

U 3

Campus: COL LMA
MNS MRN NWK WST

This course covers information necessary for a foundational understanding of the psychedelic studies field, including relevant neurobiology, ethnobotany, chemistry, history, psychology, and policy debates. GE theme health and well-being course.

Sociology

SOCIOL

Autumn 2025 Semester

3200.02 Sociology of Immigration

U 4

Provides a sociological understanding of contemporary migration both globally and with a particular focus on the U.S. The course will examine why migration occurs; how it is sustained over time; and how immigrants are incorporated into the host society. Social relations as central to understanding immigration will be a focus of the course. COIL version.

Prereq: Not open to students with credit for 3200 or 3200.01. GE theme citizenship for div and just wrld and migration, mobility, and immobility course, High-Impact Practice Global and Intercultural Learning: Abroad, Away, or Virtual.

Autumn 2025 Semester**4615S Control and Prevention of Crime and Delinquency****U 3**

Analysis of the operational effectiveness of special measures and programs pointed toward the control and prevention of crime and delinquency. This course includes a service-learning component.

Prereq: Jr or Sr standing; or permission of instructor or department. Not open to students with credit for 4615.

Social Work**SOCWORK****Autumn 2025 Semester****4188.01 Practicum Seminar I****U 1**

Integration of knowledge and practice; problem solving and discussion of social work practice issues, values, and ethics. Taken concurrently with field practicum.

Prereq: 3501 and 3502. Concur: 4189. Repeatable to a maximum of 2 cr hrs.

Autumn 2025 Semester**4189 Field Practicum****U 5**

Internship in a social work agency. Students integrate classroom knowledge and skills with practice experiences.

Prereq: 3501 and 3502. Concur: 4188.01, 4188.02, or 4188.03. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.

Autumn 2025 Semester**4501 Generalist Practice with Families****U 3**

This course addresses professional values, knowledge, and skills essential for effective generalist social work practice with families. Emphasis is placed on family theory, models, and strategies for intervention, practice skills, and ethics necessary for beginning practice in social service agencies. The development of culturally competent practice is an integral part of this course.

Prereq: 3501 and 3502.

Veterinary Clinical Sciences**VETCLIN****Autumn 2025 Semester****7726 Small Animal Veterinary Business Management****V 1½**

This course will further expose students to the critical aspects of small animal business management.

Presentations from various industry leaders will provide exposure and deep discussion on many business topics such as operations, strategy, financial management, inventory, and organizational behavior.

This course is graded S/U.

Veterinary Preventive Medicine**VETPREV****Autumn 2025 Semester****7774 Bovine Theriogenology****G V 2**

Physiology of the estrous cycle and synchronization strategies in the bovine. Techniques such as artificial insemination and embryo transfer, causes for embryonic loss, obstetric procedures, transition period, and bull fertility will be covered.

Prereq: 3rd yr standing in Veterinary Medicine program; or DVM or equiv; or permission of instructor.

Autumn 2025 Semester**7780 Veterinary Forensics****V 2**

Veterinary Forensics is the application of veterinary science and medicine to the investigation and documentation of animal abuse and neglect. This course presents common manifestations of cruelty, forensic examination of living and deceased victims, and evidence collection and presentation to aid in conviction of animal abusers.

Prereq: 3rd yr. standing in Veterinary Medicine program. This course is graded S/U.

Women's, Gender, and Sexuality Studies**WGSST**

Autumn 2025 Semester

3084 Citizens Behind Bars

U 3

Every day more human beings are locked inside of jails, prisons, or secured facilities across the United States than in any other country on the planet. This course explores the history of citizenship in captivity and the legacy of liberatory movements led by incarcerated citizens in the US from the era of settler colonization and slavery to the present age of mass incarceration.

Prereq: Not open to students with credit for AfAmASt 3084 or History 3084. GE theme citizenship for div and just wrld course. Cross-listed in AfAmASt and History.

Withdraw Course

Animal Sciences

ANIMSCI

Summer 2025 Term

6090 Anaerobic Microbiology

G 3

Provides an understanding of fundamentals of anaerobic microbiology and applications to animal and human nutrition and bioenergy production.

Prereq: Micrbio 4100 or 4000, and Biochem 4511; or permission of instructor. Not open to students with credit for 690.

Animal Sciences Technology

ANMLTEC

Summer 2025 Term

2189.08T Practicum in Livestock Production and Management

U 1 - 2

Supervised practical experience in livestock production and management at the Grace Drake Learning Laboratory with emphasis on developing and improving livestock production skills and competency.

Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions.

Anthropology

ANTHROP

Summer 2025 Term

3402 North American Indians

U 3

Description and analysis of simple and complex hereditary characteristics in order to evaluate origin, adaptations and affinities of populations in a world region. North American Indians.

Prereq: 2200 (200), or permission of instructor. Not open to students with credit for 402.01.

Summer 2025 Term

4570H Introduction to Quantitative Genetics in Anthropology

U 3

Introduction to the genetic basis and analysis of phenotypic variation and evolution with an emphasis on human populations and human characteristics.

Prereq: Honors standing, and 2200 (200), Stat 529, or MolGen 500, and Jr or Sr standing; or permission of instructor. Not open to students with credit for 570H.

Summer 2025 Term

5193.04 Individual Studies: Research Methodology

U G 1 - 99

Research Methodology.

Prereq: Permission of instructor. Repeatable. This course is graded S/U.

Summer 2025 Term

7704 Culture and Language

G 3

Development and range of anthropological concerns with language; emphasis on utility of linguistic approaches, methods, and theories to other subdisciplines of anthropology.

Prereq: Grad standing in Anthrop. Not open to students with credit for 703.

Summer 2025 Term**7750 Osteology and Odontology Methods****G 4**

Advanced theoretical and practical study of an osteological or odontological problem from data collection through data analysis to the presentation of results.

Prereq: 5607 (603.01), 5608 (603.02), or 5609 (603.03), and 5610 (603.04); or permission of instructor. Repeatable.

Summer 2025 Term**8193 Individual Studies****G 1 - 80**

Individual Studies.

Prereq: Written permission of instructor. Repeatable. This course is graded S/U.

Summer 2025 Term**8193.03 Individual Studies: Anthropological Linguistics****G 1 - 80**

Anthropological linguistics.

Prereq: Permission of instructor. Repeatable. This course is graded S/U.

Summer 2025 Term**8892.02 Seminars in Physical Anthropology: Non-human Primate Behavior****G 2 - 6**

Non-human primate behavior.

Repeatable to a maximum of 6 cr hrs or 3 completions.

Summer 2025 Term**8892.03 Seminars in Physical Anthropology: Human Growth and Development****G 2 - 6**

Human growth and development.

Repeatable to a maximum of 6 cr hrs or 3 completions.

Summer 2025 Term**8892.05 Seminars in Physical Anthropology: Biological Distance****G 2 - 27**

Biological distance.

Repeatable to a maximum of 27 cr hrs or 14 completions.

Summer 2025 Term**8892.06 Seminars in Physical Anthropology: Biocultural Adaptations****G 2 - 27**

Biocultural adaptations.

Repeatable to a maximum of 27 cr hrs or 14 completions.

Summer 2025 Term**8892.07 Seminars in Physical Anthropology: Primate Anatomy****G 2 - 27**

Primate anatomy.

Repeatable to a maximum of 27 cr hrs or 14 completions.

Summer 2025 Term**8892.08 Seminars in Physical Anthropology: Biomedical Anthropology****G 2 - 27**

Biomedical anthropology.

Repeatable to a maximum of 27 cr hrs or 14 completions.

Summer 2025 Term**8892.10 Seminars in Physical Anthropology: Research Issues in Gerontology****G 3**

Explores the interface between research and practice issues in gerontology and geriatrics. One course in research design or statistics is recommended.

Prereq: Grad standing. Repeatable to a maximum of 27 cr hrs.

Summer 2025 Term**8893 Seminars in Prehistory****G 2 - 27**

Seminars in Prehistory.

Repeatable to a maximum of 27 cr hrs or 14 completions.

Summer 2025 Term**8893.01 Seminars in Prehistory: Archeology of High Civilizations****G 2 - 6**

Archeology of high civilizations.

Repeatable to a maximum of 6 cr hrs or 3 completions.

Summer 2025 Term**8893.02 Seminars in Prehistory: Old World History****G 2 - 6**

Old World history.

Repeatable to a maximum of 6 cr hrs or 3 completions.

Summer 2025 Term**8893.03 Seminars in Prehistory: North American Archaeology****G 2 - 6**

North American archaeology.

Repeatable to a maximum of 6 cr hrs or 3 completions.

Summer 2025 Term**8893.04 Seminars in Prehistory: Seminar in the Archaeology of the Ancient Near East****G 3**

Examines anthropological approaches to archaeological remains of 50,000 years of diverse cultures in the Near East from the first humans to the first empires.

Prereq: Not open to students with credit for 830.04.

Art**ART****Summer 2025 Term****5591 Independent Studio - Art and Technology****U G 3**

Advanced studio practice in art and technology.

Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs.

Summer 2025 Term**5593 Independent Studio - Glass****U G 3**

Advanced studio practice in glass art making.

Prereq: Permission of instructor. Not open to students with max credit for 691.04. Repeatable to a maximum of 12 cr hrs.

Biochemistry**BIOCHEM****Summer 2025 Term****5694 Frontiers in Life Sciences Research: Genomics, Proteomics and Bioethics****U G 1**

As genomes are being sequenced at a rapid pace, students in life sciences need to stay abreast of the tools required to exploit genomic information. The course, which includes videoconferencing with peers in India, covers the theoretical underpinnings of modern tools used in proteomics, genetics, and genomics. Ethical issues associated the remarkable advances in modern biology will be discussed.

Prereq: 4511 (511), 5615 (615), MolGen 4500 (500), or MolGen 4606 (606). Not open to students with credit for MolGen 5694. This course is graded S/U. NS Admis Cond course. Cross-listed in MolGen.

Chemistry**CHEM**

Summer 2025 Term**1100 Chemistry and Society****U 3**

Terminology, methods, and principles of chemistry; examination of the roles of chemistry in our modern technological society.

Prereq: Math 1050 (075 or 076) or an ACT math subscore of 22 or higher that is less than two years old, or satisfactory score on Ohio State Math Placement Test. Not open to students with credit for 1110 (101), 1210 (121), 1910H (201H), or 100, or any Chem course that uses these courses as prerequisites. GE nat sci phys course (BA in ASC only).

Classics**CLAS****Summer 2025 Term****5301 Roman Law through the Reign of Justinian****U G 3**

Studies in the origins and development of Roman Law based on original sources in translation.

Prereq: Not open to students with credit for Classics 607.

Education: Teaching and Learning**EDUTL****Summer 2025 Term****5045 Advanced Spoken English for Int'l Graduate Students II****U G 3**

Designed to improve the spoken English pronunciation, grammar, and listening comprehension of non-native English speaking graduate students. Development of academic public speaking skills. Contemporary issues are discussed.

Prereq: Placement test, and permission of instructor. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.

Summer 2025 Term**6630 TESOL Seminar****G 3**

The exploration of themes, issues, and topics relevant to the Foreign and Second Language Education Program, with a particular emphasis on TESOL.

Prereq: Not open to students with credit for 927.45.

Summer 2025 Term**7723 Learning Progressions in Science Education****G 3**

Learning Progressions represent promising frameworks for organizing assessments, instruction, and curriculum around theories about how students learn. The course will examine current research to explore theories and practice on learning progressions.

Prereq: Not open to students with credit for 752.

Evolution, Ecology and Organismal Biology**EEOB****Summer 2025 Term****3410H Honors Ecology****U 4**

Distribution and abundance of species, population dynamics, community ecology, ecosystem dynamics, and applied perspectives. Also available at Stone lab.

Prereq: Honors standing, and 8 sem cr hrs in Biological Sciences, or permission of instructor. Not open to students with credit for 503.01, 503.02, and 503.03.

Summer 2025 Term**4520H Honors Comparative Physiology****U 3**

Functional systems in invertebrates and vertebrates: respiration, circulation, water, ion, and energy balance; communication; locomotion; and reproduction.

Prereq: Honors standing, and Chem 1220, Math 1150, Physics 1250, and Biology 1114 or 1114H. Not open to students with credit for 410H.

Summer 2025 Term**7410 Ecological Methods II****G 1**

Hands-on course for learning methods for ecological studies.

Prereq: 3410, and an additional 8 sem cr hrs of coursework in EEOB; or Grad standing. Not open to students with credit for 513, 622, 651, 657, and 671.

Summer 2025 Term**8896.03 EEOB Graduate Seminar: Cell Biology****G 1 - 2**

Current topics in cell biology as related to evolution, ecology, and organismal biology.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.

This course is graded S/U.

Summer 2025 Term**8896.16 EEOB Graduate Seminar: Developmental Biology****G 1 - 2**

Current topics in developmental biology as related to evolution, ecology, and organismal biology.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.

This course is graded S/U.

English**ENGLISH****Summer 2025 Term****4570 Introduction to the History of English****U 3**

A study of the historical development of English giving attention to social factors associated with language changes in the phonology, morphology, syntax, lexicon, and discourse structure.

Prereq: 3271, 4572, Ling 2000, or 5000; or permission of instructor. Not open to students with credit for 274 or 570.

Food Science and Technology**FDSCTE****Summer 2025 Term****4597.02 Food and Health Controversies in the 21st Century****U 3**

Students will investigate such topics as food labeling and processing, including the natural and organic labels and science behind biotech foods. Other topics of discussion include diets and obesity in developed countries, relevant food ingredients such as sweeteners and caffeine and a global look at food aid and trade of agricultural goods.

GE cross-disciplinary seminar course.

French**FRENCH****Summer 2025 Term****1102.51 Beginning French II Individualized****U 1 - 4**

Continued study of French; development of listening, reading, speaking, and writing skills; readings based on contemporary French Culture and literature. Taught in French. Closed to native speakers.

Prereq: 1101.01, or completion of 4 cr hrs of 1101.51, or French Placement Level 8. Not open to students with EM credit. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. GE world languages course.

Summer 2025 Term**2101.51 Introduction to French and Francophone Studies Individualized****U 1 - 3**

Techniques for reading and interpreting different types of texts from the French-speaking world: stories, poetry, plays, films, music, and ads while building vocabulary, comprehension, speaking and writing skills.

Prereq: 4 cr hrs of 1103 or 5 cr hrs of 104, or permission of instructor. Not open to students with credit for 201.01, 201.51, or 206. Repeatable to a maximum of 3 cr hrs or 3 completions. This course is available for EM credit. FL Admis Cond course.

History of Art**HISTART**

Summer 2025 Term**7189.02 Curatorial Practicum: Exhibition Execution****G 4**

This course is intended to give students in the Contemporary Art and Curatorial Practices MA program the opportunity to install an exhibition of their own design and to write the accompanying catalog essays.
Prereq: 7189.01. This course is graded S/U.

History**HISTORY****Summer 2025 Term****7884 History of Literacy/Literacy Past and Present****G 1 - 6**

Graduate Readings in the History of literacy in ongoing societies and culture; emphasis on changing ideas and impacts of literacy and its acquisition, uses, and consequences.

Summer 2025 Term**5520 Contemporary Greek Poetry****U G 3**

Reading and analysis of short and longer poems representative of major developments and trends in Greek poetry of the 19th and 20th centuries.

Prereq: Not open to students with credit for 652.

Molecular Genetics**MOLGEN****Summer 2025 Term****1101 Introduction to Plant Biology: Plants, People, and the Environment****U 5**

Plants and their relationships to humans and the biosphere: plant structure and function, growth and development; plant genetics and biotechnology; plant diversity and evolution; practical and economic uses of plants.

Prereq: Not open to students with credit for Biology 1101 (101), 1113 (113), 1113H (115H), 1114 (114), 1114H (116H), PlntBio 101, or 102. This course is available for EM credit. GE nat sci bio course. GE foundation natural sci course. NS Admis Cond course.

Physics**PHYSICS****Summer 2025 Term****1106.02 Physics by Inquiry: Properties of Matter, Heat and Temperature, and Forces and Motion****U 5**

Investigation of the properties of matter, motion and thermodynamics using the inquiry technique. Intended for non-science majors, especially those contemplating a teaching career.

Prereq: Not open to students with credit for 106 and 107. GE nat sci phys course. NS Admis Cond course.

Summer 2025 Term**1107.02 Physics by Inquiry: Circuits, Light and Optics, and Astronomy****U 5**

Investigation of the properties of electricity and circuits, light, optics with applications to real-world phenomena such as astronomy using the inquiry technique. Intended for non-science majors, especially those contemplating a teaching career.

Prereq: Not open to students with credit for 107 and 108. GE nat sci phys course. NS Admis Cond course.

Summer 2025 Term**5740 Quantitative Cell Biology for Engineers and Scientists****U G 3**

Introduction to the biophysical and biochemical principles underlying the behavior of cellular processes with an emphasis on surveying engineering models and quantitative measurements.

Prereq: Permission of instructor. Cross-listed in ChBE.

Plant Pathology**PLNTPTH**

Summer 2025 Term**4550 Bioterrorism: An Overview****U 3**

A broad awareness course on the bioterrorism threat to our food supply, crops, animals and public health, and bioterrorist organizations.

Sp Sem. Prereq: Jr or Sr standing. Not open to students with credit for 455 or IntStds 4550 (455). Cross-listed in IntStds.

Psychology**PSYCH****Summer 2025 Term****7695.08 Behavioral Neuroscience****G 1 - 3**

Seminar in behavioral neuroscience.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.

Russian**RUSSIAN****Summer 2025 Term****7356 Gender, Feminism, and Russian Women's Culture****G 3**

Exploration of current concepts of gender and Russian women's literature and film through the prism of feminist theory. Taught in English.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 656.

Slavic Languages and Literatures**SLAVIC****Summer 2025 Term****7455 Film Adaptations of Slavic Literature****G 3**

Examination of films based on works of a particular Slavic literature, e.g., works of Dostoevsky, Tolstoy, Chekhov, and Bulgakov transposed into Russian and foreign cinema. Repeatable for credit with change of topic.

Prereq: Grad standing or permission of instructor. Not open to students with credit for Russian 755. Repeatable to a maximum of 6 cr hrs.

Examines dynamic forces and key actors engaged in cultural, economic, and political change around the world in sociological perspective; processes of globalization, democratization, and development.

Prereq: Not open to students with credit for 407.

Statistics**STAT****Summer 2025 Term****8410 Capstone Applications****G 3**

Intensive, project-based investigation of applied and/or interdisciplinary statistical problems, suitable for advanced PhD students in Statistics and Biostatistics.

Prereq: 7302 (821), 7410 (742), and 7540 (832), and Grad standing in Statistics or Biostatistics; or permission of instructor.

Surgery**SURGERY**

Summer 2025 Term**7189.02 Clinical Studies: Trauma and Critical Care****G 1 - 12**

Trauma and Critical Care.

Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.

Summer 2025 Term**7190.08 Research Studies in Surgery: Plastic Surgery and Burn****G 1 - 12**

Plastic Surgery and Burn.

Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.

Summer 2025 Term**8820 Training in Clinical Research II****G 2**

Continuation of 8815. Provides exposure to students to ongoing clinical trials at OSUMC and essential skills that are needed to conduct research.

Prereq: 8815, and permission of instructor. This course is graded S/U.

Summer 2025 Term**8845 The History of Immunology****G 3**

Understand immunology & pertinent research, students must understand its history so to appreciate where the field of immunology started, the progress and discoveries made. MVIMG 701 recommended.

This course is graded S/U. Cross-listed in MVIMG.

Theatre**THEATRE****Summer 2025 Term****2100E Introduction to Theatre****U 3**

A study of the art and profession of live theatre with emphasis upon its cultural and social influences in our society.

Prereq: Permission of instructor. Not open to students with credit for 2101H (101H), 100, or 100H. This course is available for EM credit. GE VPA and diversity soc div in the US course. VSP Admis Cond course.

Summer 2025 Term**5771.07 Crones, Curmudgeons, and Living Treasures - Theatre and Aging****U G 3**

History, theory and literature of the Senior Theatre Movement from its beginnings to the present from both theatrical and gerontological perspectives.

Prereq: Not open to students with credit for 675.01.

Summer 2025 Term**7000.11 Practicum: Theatre Management****G 1 - 5**

Individual theatrical performance and production activities at an advanced level under faculty supervision.

Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.

Summer 2025 Term**8000.11 Advanced Studies: Theatre Management****G 1 - 5**

Advanced Studies in Theatre Management.

Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.

Summer 2025 Term**8000.14 Advanced Studies: Technical Direction****G 1 - 5**

Advanced Studies in Technical Direction.

Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.

Summer 2025 Term**7601 Studies in Turkish and Ottoman Literature and Criticism****G 3**

Movements, authors, and critical schools of Turkish and Ottoman poetry and prose.

Prereq: 6 cr hrs at the 5000 level or above. Repeatable to a maximum of 10 cr hrs or 5 completions.

Women's, Gender, and Sexuality Studies**Summer 2025 Term****2367.01 U.S. Women Writers: Text and Context****U 3**

Writing about and analysis of female experiences as represented in U.S. literature by women; emphasis on interdisciplinary relationships between literature and socio-political history.

Prereq: English 1110 (110), and Soph standing. Not open to students with credit for 367.01. GE writing and comm: level 2 and lit and diversity soc div in the US course. GE foundation lit, vis and performing arts course.
