POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME
—by Professor David Citino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you’re like me, you’ve got a big head, not to mention a funny robe, full of music—poems and melodies, the tunes we move to, shower and shave by, study, write to. Not just the incidental, but the momentous music keeping time. Our histories are measures of song. Listen to your heart: drums of Africa, sea-spume of blind, far-sighted Homer, Sappho’s honeyed love lyrics. Often, music speaks for us, one note saying a thousand words. Like Rodolpho in Puccini’s La Boheme, Sono un poeta. I am a poet. Che cosa faccio? What do I do? Scrivo. I write. This ceremony is loud music—pomp and circumstance of the life you began freshman year or that first day of graduate school. In my head I press Play, and the CD of Big Days kicks on. I leap and linger over moments too sweet, nearly, for words. I’ll never escape rhymes from the nursery. Up above the world so high, like a diamond in the sky. We knew from the start our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents of Cleveland. Gaudeamus igitur, Juvenes dum sumus. So, let us rejoice, while we are young. Youth is that gift we can’t comprehend while we’re young. This ceremony means you all are less young than you were. Don’t let the heavy knowledge gained from your studies deprive you of the gifts of youth, to be able to rejoice at the drop of a hat, to care for, be moved by others.

Now I hear golden hits of five decades. Big Mama Thornton, and that so-called King (King of what, fried butter sandwiches?) who stole away her hound dog. You ain’t never killed a rabbit, you ain’t no friend of mine. As with those profs and TAs, course after course, you had to produce—kill some rabbits—to earn respect. And at times OSU may have seemed like Heartbreak Hotel, down at the end of Lonely Street, so difficult was it to do your best. Tennessee Ernie Ford, “Sixteen Tons”: St. Peter don’t you call me ‘Cause I can’t go. I owe my soul to the company store.

You have been digging deep in mines of knowledge. We all owe our souls to Ohio State, company store of learning, shared experience—precious ore we have in common forever.

Now I hear Domenico Modugno’s fervent urging to wish, sing, fly, Volare, W-o-oo. Cantare, W-o-o-o-o. My grandfather was a peasant farmer, a contadino in Calabria in the toe of Italy. He knew it’s the human lot to dream of flying. Lucky, lucky, lucky me, I’m a lucky son-of-a-gun. I work eight hours, I sleep eight hours, That leaves eight hours for fun.

Hey! He sailed in steeraage across the Atlantic, came to Cleveland, where he stayed long enough to work 52 years for the B&O Railroad, before lying down to rest in good Ohio soil. So many of us here today came from elsewhere, or ancestors did. From Tennessee, Italy, Africa, Asia, Appalachia—even, President Kirwan, the wilds of Kentucky and Maryland. Women and men with backs of dear parents, their parents, theirs.

Supple as birch trunks. The courage it took to pick up stakes and begin again in a new world! Think of the work those older ones did. For you. You all are facing a change right now.

This sheepskin is your passport. You’re bound for emigration to the next song of your life. Ohio State is the ark on which you’ve been sailing. You’ve been the precious cargo.

But, as Noah once said, I can see clearly now the rain is gone. The ark, our university, was filled to overflowing with the diversity of us. Diversity. Networks and talk shows devalue the word.

Alma Mater—Carmen Ohio
Graduates and guests led by
Jacob T. Heacock
Oh! Come let’s sing Ohio’s praise,
And songs to Alma Mater raise;
While our hearts rebounding thrill,
With joy which death alone can still.
Summer’s heat or winter’s cold,
The seasons pass, the years will roll;
Time and change will surely show
How firm thy friendship—O-hi-o!

Jamie Dimon ranks among the most impactful and innovative business minds of his generation. He is Chairman and CEO for JPMorgan Chase & Co., where, for nearly two decades, he has led one of the largest and best-managed financial institutions in the United States to achieve record levels of success.

His personal motto to “do the right thing” underlies his commitment to expanding opportunity for all and guides his actions when addressing critical societal issues. Mr. Dimon is dedicated to rooting out racism and discrimination, and ensuring that all clients, customers, employees and communities are treated equally and fairly.

At his direction, JPMorgan Chase recently launched and strengthened several initiatives to support diversity and inclusion. One example is Advancing Black Leaders, which, over a four-year period, successfully increased minority representation among senior positions by more than 50%. In 2019, the company announced a $2.5 million investment supporting programs and scholarships within The Ohio State University’s Office of Diversity and Inclusion, and in 2020, it committed $7 million to education and career development in the Columbus region.

JPMorgan Chase and Ohio State also enjoy a productive workforce partnership. More than 3,000 Buckeye alumni are employed across the company while over 100 interns and 90 full-time employees are recruited from the university annually — earning Ohio State the distinction as the firm’s top source for talent.

Mr. Dimon previously served as Chairman and CEO at Bank One Corporation until its merger with JPMorgan Chase in 2004. He has also held senior executive positions at Citigroup Inc., the Travelers Group, Commercial Credit Company and American Express Company.

He is a graduate of Tufts University and Harvard Business School, where he earned his Bachelor of Arts and Master of Business Administration, respectively.

Mr. Dimon and his wife, Judith, have three daughters.

**RECIPIENTS OF HONOR**

Joyce B. Beatty

DOCTOR OF PUBLIC SERVICE

Congresswoman Joyce Beatty has devoted her life to moving our nation closer to realizing the promise of equality of opportunity for all. A highly effective public servant, she leads policy changes that improve the lives of others by combining facts, logic and empathy in exceptionally powerful ways.

Congresswoman Beatty was first elected to represent Ohio’s Third Congressional District in the U.S. House of Representatives in 2012. She chairs the Congressional Black Caucus, and she is a member of the House Committee on Financial Services, which oversees the entire financial services industry. Her national leadership and advocacy have spurred significant federal investment in efforts to combat infant mortality in Columbus, revitalize the Near East Side neighborhood and transform the city’s transportation infrastructure, among other initiatives.

Prior to her tenure in Washington, D.C., Congresswoman Beatty served as senior vice president for outreach and engagement at Ohio State expanding the university’s partnerships and programs in community service, health outreach, service learning and continuing education. Before joining Ohio State, she served five terms in the Ohio House of Representatives. She spearheaded access to breast and cervical cancer care for underinsured and uninsured women, as well as championed legislation expanding STEM education and requiring financial literacy in Ohio’s public-school curricula.

Named one of *Ebony Magazine*’s 150 most powerful African Americans in the United States, Congresswoman Beatty actively supports The Links Inc., Delta Sigma Theta Sorority, National Coalition of 100 Black Women, Columbus Urban League, the American Heart Association and numerous other organizations.

Congresswoman Beatty is a first-generation college student who earned a Bachelor of Arts from Central State University and a Master of Science from Wright State University. She studied at the doctoral level at the University of Cincinnati.

She is married to Otto Beatty Jr. and a proud grandmother to Leah and Spencer.
Dr. Robert Langer is a pioneer in applying engineering to biological problems in human health — yielding entirely new fields of study through his innovative research and improving the lives of millions of people around the world.

Dr. Langer is one of 10 Institute Professors at the Massachusetts Institute of Technology. With broad curiosity and tenacity — and in collaboration with his students, colleagues and partners — he has created new approaches to treat and cure disease. Among the innovations he is credited with are long-term drug-delivery systems for insulin, anti-cancer drugs, gene therapy agents and vaccines. He and members of his laboratory are developing or have developed products such as an ingestible sensor that measures heart and breathing rates and polymer scaffolds to “grow” tissue.

In 2010, Dr. Langer co-founded Moderna, a global leader in the creation of a new class of vaccines that use messenger RNA to deliver therapeutic drugs. The company’s COVID-19 vaccine was authorized for emergency use in December 2020. Three months later, at the end of March, Moderna shipped the 100 millionth dose of its COVID-19 vaccine to the U.S. government.

Dr. Langer is the most-cited engineer in history. He has written more than 1,500 articles and has 1,400 patents issued and pending. Those patents have been licensed or sub-licensed to more than 400 pharmaceutical, chemical, biotechnology and medical device companies.

Dr. Langer has been elected to the National Academy of Medicine, the National Academy of Engineering, the National Academy of Sciences and the National Academy of Inventors. He has also served as chair of the U.S. Food and Drug Administration’s Science Board.

Among the hundreds of awards Dr. Langer has received are the Charles Stark Draper Prize (often called the Engineering Nobel Prize), the Queen Elizabeth Prize for Engineering, the Kyoto Prize and the Millennium Technology Prize. He is one of three living individuals to have received both the U.S. National Medal of Science and the U.S. National Medal of Technology and Innovation.

Dr. Langer earned a bachelor’s degree from Cornell and a doctorate from MIT.

A pioneer in space and on Earth, Dr. Ellen Ochoa is an accomplished astronaut, inventor and leader of complex organizations. As NASA’s first Hispanic woman astronaut, she flew four missions and spent nearly 1,000 hours in space. As the first Hispanic woman to serve as director of the Johnson Space Center, she led the efforts of more than 10,000 employees and contractors and launched programs in agile business practices, innovation and inclusion.

After earning her doctorate in electrical engineering, Dr. Ochoa worked at Sandia National Laboratory and NASA’s Ames Research Center, where she led a team conducting research and development of computational systems for aerospace missions. She holds three patents for optical systems.

In 1990, Dr. Ochoa was selected to join NASA’s astronaut program. After completing her final space mission in 2002, she joined the Johnson Space Center leadership team, rising through the ranks and ultimately serving as the center’s director until 2018 when she retired after a 30-year career with NASA.

She speaks widely about science, innovation and leadership. She currently chairs the National Science Board, among other board positions. She has been elected to membership in the National Academy of Engineering and as a Fellow of the American Association for the Advancement of Science, among other esteemed professional organizations.

Dr. Ochoa has received NASA’s highest award, the Distinguished Service Medal, and has been inducted into the Astronaut Hall of Fame, the California Hall of Fame and the International Air & Space Hall of Fame. Six schools in the United States have been named in her honor.

She earned a Bachelor of Science from San Diego State University and master’s and doctoral degrees from Stanford University.

Dr. Ochoa and her husband, Coe Miles, have two sons.
David T. Harrison  
DISTINGUISHED SERVICE AWARD

A national leader in higher education, Dr. David Harrison has devoted his career to lifting lives and communities through wider access to education. Since 2010, when Dr. Harrison joined Columbus State Community College as its president, the institution has more than tripled its graduation rate.

Through his effective leadership, the Columbus State team of faculty and staff has developed innovative programs and partnerships with other colleges and universities, corporations and nonprofit organizations. Dr. Harrison was instrumental in creating Preferred Pathway, a program that guarantees transfer admission to Ohio State for Columbus State graduates. This initiative served as the model for the statewide Ohio Guaranteed Transfer Pathway program.

His commitment to educational access and success is expansive. He established Central Ohio Compact, a coalition of K-12 school districts and higher education institutions that helps students complete high school and progress seamlessly through public or private post-secondary education.

Dr. Harrison’s dedication to student success, workforce innovation and civic engagement has elevated Columbus State to national prominence. The college received the 2019 Leah Myer Austin award, a national recognition for community colleges that demonstrate equitable outcomes in student success. His work on equity and institutional partnerships — particularly for first-generation students, students of color and low-income students – led to Columbus State’s recognition as an Achieving the Dream College in 2012. Three years later, it earned the organization’s distinction as a “Leader College.”

Before joining Columbus State, Dr. Harrison served as vice provost for regional campuses at the University of Central Florida, where he created innovative transfer programs linking community college graduates to the university. He has held administrative leadership positions at Sinclair Community College in Ohio and Seminole State College in Florida.

Dr. Harrison earned his bachelor’s in chemical engineering from the University of Dayton, his master’s from Katz Graduate School of Business at the University of Pittsburgh and his PhD in education from The Ohio State University.

Several organizations have honored Mr. Ransier for his service. Among the awards he has received are The Ohio State University College of Law Alumni Service Award, the Columbus Bar Association Community Service Award and the Central State University Alumni Association’s Alumnus of the Year Award.

Mr. Ransier earned his undergraduate degree at Central State University and his Juris Doctorate from Ohio State’s Michael E. Moritz College of Law.
Dear Graduates,

Congratulations, and welcome back to the ‘Shoe! We are thrilled to celebrate your accomplishments with you in person, in Ohio Stadium — just as generations of Buckeyes have before you. The fact that we are together today is a testament to our collective efforts to keep each other safe and healthy. It is also one more sign of hope as we look to brighter days.

Over the course of the past year, each of us has been tested in many ways. You adapted to new ways of learning and connecting. You helped your friends, family and loved ones figure out how to remain together — even when we were apart. You came together to keep a pandemic at bay on our campuses, worked together to help those struggling because of the effects of the pandemic and found ways to lift up those on the front lines of the fight against COVID-19.

Most importantly: Even when it was difficult, you never gave up. Your perseverance and experiences through this time will forever be a part of your journey. You proved that diverse talents and perspectives can be woven together to create solutions that do incredible good.

I am inspired by each and every one of you, though I am not surprised. As Buckeyes, we shine brightest when times are tough, when there is a need for champions to come together to support each other and our communities. We shine our light in dark places and lead in all that we do. Meeting challenges head-on is simply part of our DNA.

You are stronger and wiser from your experiences, and today I challenge you to take what you’ve learned at Ohio State and set to work building a future in which every member of our community can share equitably in its opportunity. I know you are up to the challenge — after all, you’re Buckeyes.

As you depart today, diploma in hand, think of this as a beginning, not an ending. You are forever part of our Buckeye family — Buckeyes for life.

Congratulations, once again. I cannot wait to see what you do next!

Sincerely yours,

Kristina M. Johnson, PhD

Congratulations, and welcome to the Buckeye alumni family, Class of 2021! It’s wonderful to gather safely again and celebrate you in the ‘Shoe.

Each one of you has a unique Ohio State story to tell about your journey with us thus far, and your last year on campus will certainly stand out in memory. Though your experiences were individualized, you were not alone. Your web of support is even tighter now that you have more than 580,000 fellow alumni around the globe ready to offer advice or lend a hand!

If you read the lyrics to “Carmen Ohio” — all three verses, not just the one we have memorized — you will see lines about both the good times and the bad. It references “happy days of yore” and “blackened sky or barren shoal.” As the seasons pass, with many reasons to be hopeful amid all the world’s uncertainties, I know one thing for sure: We are Buckeyes, and we will take these next steps together.

We will be with you wherever you go. You’ll discover alumni clubs and societies in more than 100 cities, organizing everything from game watch parties to scholarship fundraisers. Take advantage of your alumni association’s career resources, lifelong learning and networking opportunities, as well as ways to volunteer and pay forward in service to others.

Visit osu.edu/alumni to learn more about the benefits available to you. Explore our virtual opportunities for tips on how to cope during these unsettled times, or search for a new job. You can also download the alumni app to keep Ohio State in your pocket and receive news from campus, ways to show off your Buckeye pride, updates from alumni and much more.

This chapter in your Ohio State story is coming to an end, and the chapters to come offer endless opportunities and excitement. Never forget: You always have been, and always will be, Buckeyes for life.

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably resulted in the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square — a shape that, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

**Bachelor:** The bachelor gown is black, full cut with long pointed sleeves.

**Master:** The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

**Doctor:** The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude, magna cum laude, cum laude, with distinction and with honors.*

The Hood

**Bachelor:** Three feet long with a two-inch-wide velvet edging.*

**Master:** Three and one-half feet long with a three-inch-wide velvet edging.

**Doctor:** Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

* Not usually worn by candidates for a degree.

In the case of inclement weather, every effort will be made to hold commencement as planned. Commencement will take place in Ohio Stadium, unless weather conditions are dangerous or severe, in which case the ceremony will be canceled. No indoor facility on campus can accommodate the graduating class and their guests.

On commencement day, Ohio State officials will be in continuous contact with the National Weather Service to monitor approaching weather. If it is feasible to delay the start of the ceremony and wait for clearing or less severe weather, the start of the ceremony may be delayed up to one hour. Should this happen, any changes will be announced on-site to graduates and guests. Graduates and guests are asked to remain in protected areas of Ohio Stadium. Your patience and cooperation will help facilitate this plan.

In case of cancellation

If it is determined that severe weather will not permit us to hold commencement, the ceremony will be canceled. Once cancellation has been announced, graduates and guests should follow any instructions provided.

Any unclaimed diplomas will be taken to Buckeye Link on the first floor of the Student Academic Services (SAS) building, 281 West Lane Avenue. Diplomas will be available for pick-up there during regular business hours, May 10-14. If a graduate’s diploma remains unclaimed after 12 p.m. on Friday, May 14, it will be mailed to the permanent address on record within two to four weeks of commencement. Graduates can verify/change their mailing addresses by navigating to the BuckeyeLink website at buckeyelink.osu.edu. Click on “My Student Center,” then scroll down to the “Personal Information” section to view the address. Click on the “Permanent Address” hyperlink if there is a need to edit it.
I say, rather, the richness of us, precious difference, the grand multiplicity of selves that balance this globe and enable it to spin true. Grandson of peasant immigrants, I was given the opportunity to earn a doctorate in English literature from Ohio State—because my family labored long nights around the kitchen table trying to learn this arduous English. I sat where you’re sitting twenty-six years ago. Bob Dylan and Smokey Robinson got me through. Yes, it took a prophet and Miracles! My son earned an OSU Ph.D. in history. Now you, graduates, are being honored—by degrees. We’ve all come together around the kitchen table of Ohio State. Ohio, Round on the ends and high in the middle. For the years to come we’ll sing together, Beautiful Ohio, in dreams again I see, Visions of what used to be. These psalms, sacred thoughts of our tribes, 78’s and 33’s, tapes, CD’s—they take up space in shelves of our skulls, our hearts. They remind us we want a song beyond the run-of-the-mill thrill, the moment throbbing with pleasure or bathed in the blues. We ache for something grander than pure selfishness. Songs sung for one alone are not true music. Arias shared are music of the spheres, ways of saying to another something from the soul. Of course the Buckeye Battle Cry is there. Drive, drive on down the field, Men (and women!) of the Scarlet and Gray. Well, you drove on down the field, and you drove up and down the streets, around and around crowded lots, looking for a place to park, and you searched our dark, ancient library for a decent place to study. My wife, Mary’s, father marched in the first “Script Ohio,” in 1936. He’s here today with us, blowing his horn, I can’t help but feel, as is the sweet mother I lost last year, the one who gave me the stars. Today’s music makes us think of the debts we owe, and never can repay. So many of us would not be here were it not for the lullabies and songs of dear parents, their parents, theirs. Some are here today in the flesh. Many are not. We mourn them with cadences of our hearts. Think how many people sang before us, gave us a name, a voice, taught us the right words. We must cherish them by remembering every song. When we sing to others, we honor our fathers and mothers, thank them for this day of profound scarlet and gray pomp and circumstance. O, come let’s sing Ohio’s praise. And songs to Alma Mater raise. Alma mater. Ohio State is our sweet, nurturing mother.

We came of age here, with her help. Well, Mother, we love you, but, like, it’s time we moved out, got a place of our own. You’re standing there, Mom, gray hair, eyes scarlet from crying. We won’t forget you. Now, even though this ceremony means we’re being weaned, taken off the nipple, let’s take care to cherish her all our days. Let’s remember the words to the songs she taught us, and pass them on. We’ll remember always, Graduation Day. Summer’s heat, and winter’s cold. The seasons pass, the years will roll, Time and change will surely show How firm thy friendship, O-hi-O. We call that little number Carmen Ohio. Carmen means song in Latin. You’ve worked hard; she is your reward; today is your reward.

You’re filled to overflowing with the notes, the poems we’ve written together. You know the score. Continue to work hard for yourselves, and one another. Find the ones who need you to sing to, for them, in the world. Graduates, this joyful litany, this hymn our ancestors collaborated on with us, the calling of your name today is music to our ears. Sing that name proudly all your days, as if your life depended on it. It does, you know. It has been an honor for me to speak—and sing—to you today. Thank you, graduates, and, again, Congratulations.
